**Internships**

**Graduate Business Students**

Where do I begin?

1. Utilize DuqCareerLink, the Career Services online job board. Create a saved search reflecting your career interests to receive additional notices.
   Watch for internship and job announcements from DuqCareerLink in your email.
   Additional online internship databases can be found on the Career Services web site.

2. Identify companies with which you’d like to gain experience in your major.
   Explore company web sites for internship opportunities or consider sending letters of inquiry to the companies for more information.

3. Network through student organizations, student chapters of professional associations, professors, networking events with alumni, and at job fairs for internship opportunities.

---

To take an internship for credit, you MUST meet these requirements:

1. You and your advisor must complete the Internship Authorization Form;
2. You must have completed your core courses as well as credits completed in the area of concentration (see Authorization Form);
3. You must have a minimum GPA of 3.0.

If you are offered an internship and will be taking it for credit:

- Consult with your academic advisor to determine where the internship credits fit into your course plan.
- Obtain the Internship Authorization Form from the Career Services Center office or website. You and your Academic Advisor must complete and sign it.
- Find a Faculty Sponsor in your concentration. (It is your responsibility to find a Duquesne faculty sponsor.)
- Obtain a job description for your internship position.
  1. If you found the position on DuqCareerLink, please provide the job title and company name. We’ll be happy to print out the job description for you.
  2. If the position is “self-found” (you found it through a means other than the Career Services Center), the employer must supply the Internship Coordinator with a detailed job description of your internship position, including contact information (name, address, etc). Please note: Internships are not approved for credit when family members supervise the student work nor in businesses owned by family members.
- After turning in the Authorization Form and the job description to Career Services, obtain a Learning Contract and syllabus from the Internship Coordinator.
- Complete the Learning Contract by filling out your section; have your employer and faculty sponsor fill out their respective sections. Make sure you obtain all mandatory signatures! Meet with your Academic Advisor to register for internship credit and then return the completed Learning Contract to the Career Services Center by the deadline date. Note: Be mindful of the deadline date as it cannot be extended.

If you, your employer, or faculty sponsor have any questions along the way, please contact the Career Services Center at 412-396-6644.
If you are a Graduate Business student, this form MUST be completed by your Academic Advisor and returned to the Career Services Center before you register for the Career Services Internship Program.
