§ 7107 Individualized treatment plan.

Pennsylvania Statutes

50 P.S. MENTAL HEALTH

Chapter 15 MENTAL HEALTH PROCEDURES

Article I GENERAL PROVISIONS

Current through P.A. Acts 2016-24

§ 7107 Individualized treatment plan

Individualized treatment plan means a plan of treatment formulated for a particular person in a program appropriate to his specific needs. To the extent possible, the plan shall be made with the cooperation, understanding and consent of the person in treatment, and shall impose the least restrictive alternative consistent with affording the person adequate treatment for his condition.
