There are many topics that could easily be put under the category of “Basic Philosophical Questions”, far too many to cover in a single course. However, we will be focusing on some of the following questions: What does it mean to be a person who lives with other people and affects them? Is there meaning in life? Is there anything in life that cannot be doubted? What is the goal of philosophy?

Figures that we will be focusing on:
René Descartes, Plato, Friedrich Nietzsche, Michel Foucault, and others.
