Connecting to your Student:

- Click “Connect with your Student” on the bottom left-hand corner of your main page of the Parent Portal, in the box titled “I’d like to...”.
- In the next screen, enter your student’s email address and your relationship to him or her.

The screenshot shows a web form titled "Add New Connection" for "Duquesne Parent". It includes a profile picture placeholder, instructions for verification, a text input field for the student's email address (pre-filled with "student@duq.edu"), and a dropdown menu for "Relationship to Student". A FERPA disclaimer is at the bottom.

Add New Connection

Duquesne Parent
Students will see your name, email and photo (if provided) to verify your identity.

Enter the Duquesne email address of the Duquesne student that you would like to connect to below. Email address should be in the format "student@duq.edu".

NOTE to parents and family members of incoming Fall 2022 students:
If your student will enroll at Duquesne in the coming semester, then the student connection feature will become available **after** they register for classes. You can still request a connection to your student, and we'll save it until their information is ready to view.

Relationship to Student:

The Family Educational Rights and Privacy Act (FERPA) is a Federal law that protects the privacy of student education records. At the post-secondary level, student education records may not be shared with third-parties, including parents, without the consent of the student. Parents and family members, as third-parties, may use the form below to request access to view specific education records of their student. The student will receive an email notification of the request and has the right under FERPA to approve or deny the request. [Understanding FERPA](#)

****Please note:** due to FERPA laws, your student owns their information. By completing the next steps, you are requesting access to FERPA categories, which your student will receive a notification about, and will be able to approve or deny your access. Once your access is approved, you will be able to view your student’s information.

- Scroll down and you will see the different FERPA categories that you can request access for.
- You can toggle the button under “Request access?” for each of the categories that you wish to request access to. If you would like to request access to all, you can toggle the “Request access to ALL student records” (screenshot on the next page)
- Please make sure to click the blue “Connect with your student” button after your selections are made.
