Vision
The vision of the Duquesne University Mylan School of Pharmacy and Graduate School of Pharmaceutical Sciences is to develop professionals, through student-centered experiences, who are recognized leaders, innovators and advocates in all areas of pharmacy practice and research.

Mission
The mission of the Duquesne University Mylan School of Pharmacy and Graduate School of Pharmaceutical Sciences is to educate and mentor students who advance the profession of pharmacy and pharmaceutical research to improve the health outcomes of patients and their communities.
**Dean’s Advisory Council**
The Dean’s Advisory Council is an advisory body to the Dean of the Mylan School of Pharmacy and to the President of the University. The purpose of the Council is to provide advice, counsel and suggestions to the Dean and President that will strengthen the School of Pharmacy and assist the University in fulfilling its mission. The Dean’s Advisory Council meets twice a year and plays an active role in providing recommendations concerning curriculum, programs and opportunities for development.

**Strategic Plan 2015**

1. **Enhance the Professional and Graduate Curricula**
2. **Reinforce the value of the Teacher-Scholar Model**
3. **Identify and leverage our unique strengths**
4. **Ensure prosperity through stewardship and innovation**
ENHANCE THE PROFESSIONAL AND GRADUATE CURRICULA

Ensure the validity of the assessment process
- Review the assessment plans for the Mylan School of Pharmacy and Graduate School of Pharmaceutical Sciences.
- Ensure that the assessment plan for the Mylan School of Pharmacy and Graduate School of Pharmaceutical Sciences addresses and meets University and current ACPE standards and guidelines.
- Conduct peer review of assessment methods within individual courses.
- Evaluate the assessment data prior to initiating curricular reform.

Ensure adherence to ACPE standards and program competencies
- Complete 2011 curricular revision process.
- Conduct an assessment of curricular content to ensure adherence to Standards and competencies.
- Complete a curricular map of content and competencies.
- Revise the curricular map on a yearly basis based on syllabus submission.

REINFORCE THE VALUE OF THE TEACHER-SCHOLAR MODEL

Ensure understanding of the University and School expectations for success within the Teacher/Scholar Model at all levels of professional growth
- Define qualitative and quantitative expectations for teaching and scholarship.
- Identify parameters that describe successful clinical sites and research laboratories.
- Define the roles and responsibilities of residents, fellows, and teaching assistants.
- Strengthen formalized faculty mentoring program.

Define the roles and expectations/goals of students in the teacher-scholar model.
Communicate the importance of the T/S model to students and staff
- Explain the value of the T/S model to students.
- Explain to staff the relationship of T/S Model to the Mission of the School and define the role of staff.
- Develop a plan to assess the role of staff in supporting the T/S/Model.

IDENTIFY AND LEVERAGE OUR UNIQUE STRENGTHS

Promote the Unique learning opportunities and experiences of our School
- Identify a comprehensive list of unique opportunities and experiences.
- Develop promotional strategy and materials.
- Implement and assess Promotional Plan.

Promote the unique Environment/Culture within the School
- Identify characteristics defining our unique environment and culture.
- Develop promotional strategy and materials.
- Implement and assess Promotional Plan.

Promote the Reputation of the School
- Identify the impact of our students, faculty, and graduates on issues critical to the region, nation, and the world.
- Develop promotional strategy and materials that enhance the reputation of the School.
- Implement and assess the impact of all promotional strategies and materials.

ENSURE PROSPERITY THROUGH STEWARDSHIP AND INNOVATION

Incentives for Excellence – Faculty Incentives and Promotion and Tenure
- Develop a program of approved incentives for stewardship and innovation.
- Implement Incentive Program.

Facilitate Grantsmanship
- Develop programs to enhance scholarship funding.
- Increase the number of funded grant applications and extra-mural funding.

Develop programs, services, and technologies to enhance revenue generation. Revenue Generation – Outside Funding – Federal/State & Pharmaceutical and Health Care Industry
- Prepare faculty to develop business plans for potential funding opportunities.
- Develop a strategy for presenting proposals to appropriate sources of funding.

Enhance development efforts in pursuit of Gifts, Endowments and Planned Giving
- Establish a Deans Circle of contributors (including incentives for annual members and lifetime fellows).
- Establish and externally fund a Student Entrepreneurial Leadership Program.
- Expand endowed scholarships.

Center for Pharmacy Care
Director: Suzanne Higginbotham, Pharm.D.

The Center for Pharmacy Care, established in October 2002, focuses on health education and wellness education and offers educational programs and health screenings for hypertension, cholesterol, diabetes and osteoporosis. The programs currently are available to the University community; plans are to provide the programs to the surrounding Pittsburgh/Allegheny County community. The Center serves as an ambulatory care site for experiential education. In conjunction with the Center for Pharmaceutical Information, the Well Aware, a bimonthly newsletter featuring articles on health and wellness, is published.

II. Program Growth and Development

- Wellness in Motion Medication Therapy Management Program has grown to 132 enrolled patients in five programs (diabetes, chronic pain, GERD, asthma, hyperlipidemia, and depression) over a total of 28 months.
- Immunization services offered at the Center have expanded to include herpes zoster, HPV, Hepatitis A and B.
- Immunization services have also expanded into a fully operational travel clinic including registration as an official site for Yellow Fever vaccine and Typhoid.
- Influenza rates have increased from 182 in previous year to 564 vaccinations given during the 2011-2012 flu season.
- Clinical services offered at the Center have expanded to include incentivized Hypertension Management, Women’s Health, and Children/Adolescent Asthma programs to both Duquesne employees and surrounding Pittsburgh communities.
- Collaborated with Duquesne Benefits Department to continue “Know Your Numbers” campaign in which we have seen 185 patients to date (up from 222 patients last year). This preventative care program helps to identify early risk factors for chronic illnesses such as diabetes and heart disease while allowing the employee to make positive changes in their health.

- Initiated an agreement with Celtic Healthcare to provide biometrics screenings and medication therapy management to insured employees with incentivized coaching sessions off-site.
- Marketing efforts to the downtown Pittsburgh community walk-in clients and employer group screening events has been initiated with efforts including newspaper advertisements, bus ads, posters, billboards, and radio announcements.
- Through PSPC, we have reached 4,190 patients through our services with 2835 potential adverse drug errors avoided, 4 actual adverse drug errors detected, and 779 drug utilization reviews performed. 353 of these patients were given access to medication, 1,530 were counseled on medication use, and 2,225 were given preventative care services.

III. Service and Outreach Initiatives

- Expanded efforts to serve vulnerable populations through DM2 programs (78 patients currently seen at the Center).
- Through the Spirit of Health Initiative, we were able provide 415 influenza vaccinations at no cost to adults in underserved areas of Pittsburgh and surrounding communities. Through our efforts at each of our five sites at local area food banks we screened a total of 776 patients. The services provided to these patients included 394 blood pressure assessments, 451 cholesterol measurements, 165 bone.
density screenings, and 178 body composition analyses. This was a 10% increase in services from last fiscal year.

- Three pharmacy practice faculty members had a total of 62 students rotating through the Center for Advanced Experiential Education (APPE) rotations.

IV. Grants and Scholarly Achievements

- Center Team was awarded the George S. Searight Community Service award at the Pennsylvania Pharmacists Association Annual Meeting.

V. Commendations

- Continued collaboration with Tobacco Free Allegheny as a member of the Tobacco Cessation Program.
- Continued collaboration with Pennsylvania Statewide Immunization information System (PASIIS) to document all immunizations given in an effort to increase adult immunization record keeping.
- Collaborated with the Rangos School of Health Sciences to serve as a rotational site.

VI. Networking and relationship collaborations

- The Center collaborated with many different associations and other healthcare professionals to build upon our services, including:
  - Diane Balcom -grant writing services
  - Senator Fontana-Fontana Fest
  - Allegheny Health Department-immunization efforts
  - APhA-certificate programs and grant opportunities
  - Center for Pharmacy Services-screenings and MTM programs
  - School of Nursing -nursing student involvement in screenings and educational sessions

VII. Operational/Infrastructure Enhancements

Robert Laux, Pharm.D. appointed as Laboratory Director

Center for Pharmaceutical Information

Director: John G. Lech, Pharm.D.

No Director’s report submitted for 11/12

The Pharmaceutical Information Center (PIC) is a drug information service that provides responses to drug information requests generated by alumni, preceptors, students, and faculty of the School of Pharmacy and the Graduate School of Pharmaceutical Sciences and from all health professionals in Western Pennsylvania. It also accepts information requests from the Duquesne University community, including Student Health Services. The Center has provided drug information support to the general public for nearly four decades. It also serves as an experiential education site for Doctor of Pharmacy students (20 per academic year) and maintains a core library of reference texts, periodicals, and electronic resources for use by faculty and students of the School of Pharmacy.

Center for Pharmaceutical Technology

Duquesne Center for Pharmaceutical Technology (DCPT)

Director: James K. Drennen III, Ph.D.

No Director’s report submitted for 11/12

The Duquesne University Center for Pharmaceutical Technology (DCPT) focuses on the advancement of pharmaceutical manufacturing through the application of appropriate technologies for the improvement of safety, quality and efficiency throughout the pharmaceutical industry. The DCPT exists as a focal point for the research interests of faculty and collaborators for the development and scientifically based implementation of pharmaceutical manufacturing technology. It addresses the major issues of regulatory concerns, science based methods validation, and
business advantages of technology. Participants (clients and collaborators) in the Center include representatives from industry, other academic institutions, regulatory authorities, equipment vendors and private consultants.

**Center for Pharmacy Practice**  
*Director: Marsha McFalls, Pharm.D.*

The goal of the Center for Pharmacy Practice is to provide an environment for student pharmacists to integrate, reinforce, and enhance student learning. The Center demonstrates how didactic information is related to the practice of pharmacy practice, state-of-the-art technology, prescription, nonprescription, and herbal medications. The Center aims to provide a location for student pharmacists to work together to enhance their learning. By showing the relationship between class lectures and pharmacy practice, students are able to gain a better understanding of the information presented to them.

The Center for Pharmacy Practice consists of a simulated community pharmacy, hospital pharmacy, and sterile products area. The community pharmacy is equipped with PharmaServ® software and Pharmacy 2000® dispensing systems. The hospital pharmacy is equipped with QS1® software and Pyxis® dispensing systems. SimMan®, a portable and advanced patient simulator, is used by students to practice communication and patient assessment skills.

**The Center for Pharmacy Services**  
*Director: Terri Kroh, R.Ph.*

The Center for Pharmacy Services is a community pharmacy located in the Hill District of Pittsburgh. This is one of our five Academic Research Centers in School that is mission-driven and offers state-of-the-art, comprehensive clinical pharmacy services. It is a first-in-the-nation, faculty-designed, university-operated community pharmacy. The Center offers a unique educational training opportunity for Duquesne University student pharmacists.

The goal of the Center is to improve access to medications and patient adherence, while enhancing medication safety and reducing overall health care expenditures. We seek to improve access to affordable medications by coordinating resources and delivery options, and to improve patient adherence through regular patient contact and prescriber collaboration. Patient counseling is the primary focus. We are committed to working with community leaders and organizations, especially within the Hill District, to bring medication therapy management and pharmaceutical care to local residents.

- The Center for Pharmacy Services opened its doors in December 2010.
- February 18, 2011 the The Center for Pharmacy Services was dedicated to Sr. Thea Bowman, F.S.P.A.

Preceptor Development Program

As part of the Pennsylvania Coalition of Schools of Pharmacy, the Mylan School of Pharmacy offers the on-line APhA/NACDS Community Pharmacist Preceptor Education Program as foundational preceptor training and development. The APhA Immunization Certificate Program was offered at the Duquesne University campus for licensed pharmacists and preceptors by Suzanne Higginbotham, Pharm.D. on August 10-11, 2011; September 7, 2011; October 6, 2011; December 10, 2011; March 7, 2012; April 19, 2012; April 26, 2012; and June 21, 2012. Pharmacists successfully completing this course are eligible for certification as immunization providers in designated states. A diabetes certification program was provided by Dr. Autumn Stewart on May 8, 2012. The Duquesne University School of Pharmacy Alumni Association offered an additional 7.5 continuing education credits at its annual alumni conference held at Nemacolin Woodlands from March 23-25, 2012.

On May 14, 2012, the Office of Experiential Education hosted a portfolio evaluation workshop. This workshop, led by Janet Astle, B.S. Pharm, Ed.D., Tracy King, Pharm.D., and Thomas Falcione, B.S. Pharm, provided select preceptors the opportunity to assess experiential student work products and reflections through a defined rubric and assessment instrument.

Preceptors were also invited to participate in the development, implementation, and assessment of the Integrated Pharmacy Application (IPA) examinations, as coordinated by Bruce Livengood, Pharm.D., and administered to students enrolled in the Doctor of Pharmacy program. The IPA exams serve in preparation for and gateway to the advanced pharmacy practice experiences (APPEs). Other opportunities for preceptor participation included assistance in the assessment of student practicum performance as part of the Pharmacy Practice courses. Core community pharmacist preceptors are further invited to participate in small group weekly student seminars facilitated by Pharmacy Practice faculty and held on the Duquesne campus for the purpose of discussing patient cases, interventions, and patient care projects. Preceptors are also routinely invited to share their input relative to experiential education and curricular reform through focus groups and surveys.

All active preceptors were provided an annual report of aggregate student evaluation data that was distributed in November of 2011 for the prior academic year. Preceptor performance on twelve different dimensions was reported as an aggregate mean for each element and further compared to the mean for all preceptors in the same practice experience classification. De-identified student comments were provided, also.
Finally, a Preceptor Appreciation Dinner was hosted by the Office of Experiential Education on Sunday, November 13, 2011 in the Duquesne University Power Center Ballroom. Over 70 preceptors were in attendance. The Dean of the Duquesne University Mylan School of Pharmacy, J. Douglas Bricker, Ph.D., provided an overview of the current state of the School and its new initiatives, which include the incorporation of Abilities-Based Laboratory Experiences, Problem-Based Learning courses, and Continuous Professional Development courses into the curriculum. Prior to the dinner event, the Dean hosted a tour of the newly renovated School of Pharmacy facilities, including the addition of student break-out and conference rooms; the incorporation of state-of-the-art technologies in the classroom, which include videotaping capabilities, wireless internet access, and the introduction of Sim-Man, a mannequin that can simulate physiological functions; and the availability of a room dedicated to student organizations.

As part of the programming, Janet Astle offered preceptors a glimpse of upcoming enhancements to the experiential education program, including the movement to an on-line assessment system, PharmEd Plus™. David Tipton, Ph.D. rounded out the evening by providing a continuing education program entitled Emotional Intelligence.

This year saw the institution of the School of Pharmacy Preceptor Recognition award. Criteria for the award include 1) evidence of exemplary practice; 2) demonstration of effective teaching; and 3) service to the profession and/or community. David Zora, pharmacist preceptor, was selected as the award recipient based on his contemporary diabetes patient management practice and his approach to teaching from the patient perspective. Kelly Karpa, a pharmacist preceptor from the Penn State University College of Medicine, was also acknowledged for her receipt of the Pennsylvania Pharmacists Association Preceptor of the Year for 2011.

Academic Partners Program

Director: Dr. Thomas J. Mattei, Associate Dean

Since September 2007, the Academic Partners Program has integrated the resources of the Mylan School of Pharmacy with the resources offered by practice sites around the region with the goal of enhancing patient health outcomes. Partnerships exist with acute care, ambulatory care, and community-based pharmacy practices. The Academic Partners Program is designed to establish scholarship/practice opportunities for pharmacy practice faculty and to develop a network of community and hospital pharmacies to facilitate advancement of pharmacy care through medication therapy management, staff development programs, drug information and patient education, health and economic research, and related technology for medication therapy management and medication safety management.
Fellowship and Residency Programs

Director: Dr. Suzanne Higginbotham, PharmD, BCACP

FELLOWSHIP PROGRAM

The Academic Teaching and Research Fellowship program is intended to prepare the Fellow for a career in academia. Throughout the two-year program, the Fellow is expected to demonstrate proficiency in the core components of research, clinical practice, and teaching through coursework, assignments and projects, and individualized pharmacy practice experiences in a specialized practice area.

GRADUATES OF THE ONE YEAR PROGRAM

• 2004-2005 Dr. Monica Skomo
• 2005-2006 Dr. Nicole Tagliavia
• 2009-2010 Dr. Marianne Koenig
  Dr. Katie Garcia
  Dr. Autumn Tami
• 2010-2011 Dr. Jennifer Heasley

GRADUATES OF THE TWO-YEAR PROGRAM

• 2004-2006 Dr. Randy Tomko
• 2006-2008 Dr. Tracy King
• 2007-2009 Dr. Jamie Kears
• 2008-2010 Dr. Suzanne Higginbotham
  Dr. Katherine Mandock
  Dr. David Ombengi

Currently, there are pharmacy practice sites that serve as clinical rotation sites for fellows and residents. Each site is operated by a faculty member of the School. These sites serve as a means for fellows and residents to not only refine their clinical skills, but also gain experience as a preceptor for student pharmacists.

PROGRAM PRACTICE SITES

- Catholic Charities Free Health Care Center
  is a free health care center that provides medical, dental, and specialty care such as gynecological services at no charge to those unable to afford adequate health insurance. Director, Dr. Autumn Stewart.
- The Duquesne University Mylan School of Pharmacy Academic Research Center for Pharmacy Care offers a broad range of health and wellness screening services, including blood pressure, body composition analysis, lipids, blood glucose, hemoglobin, and a variety of other non-invasive tests. The Center uses screening tools to identify at-risk patients in need of physician referral, disease management, lifestyle coaching, and medication therapy management services. Director, Dr. Suzanne Higginbotham.
- The Duquesne University Mylan School of Pharmacy Academic Research Center for Pharmacy Services.

RESIDENCY PROGRAMS

Duquesne University PGY1 Center for Pharmacy Care Community Practice Residency:

The Duquesne University Pharmacy Practice Residency is a PGY-1, post-graduate training program in ambulatory care. The four fundamental elements of the residency program are clinical ambulatory care practice, patient outcomes research, pharmacy services, and enhancement of academic skills. Throughout the one-year program, the resident refines his or her ambulatory clinical skills through highly directed, developmental experiences. It is anticipated that the resident become proficient in the management of major chronic disease states, such as hypertension, diabetes mellitus, and lipid disorders. The resident is expected to use his or her knowledge and skills to provide pharmaceutical care to a diverse population. The resident is expected to develop competence in ambulatory care practice, formulary management, and practice management at this site.

Graduates of this residency include:

• 2008-2009 Dr. Christine Tumis
• 2009-2010 Dr. Jennifer Heasley
• 2009-2010 Dr. Van Minh Mai
• 2010-2011 Dr. Brian Bowers
• 2011-2012 Dr. Meghan Malone
Giant Eagle/Pfizer/Duquesne University Community Practice Residency:
The combined Giant Eagle/ Pfizer/ Duquesne University Community Practice Residency is a PGY-1 residency designed to utilize the strengths and resources of a chain community pharmacy, the pharmaceutical industry, and a university with the intent to improve the health and wellness of the community and enhance pharmacy practice. Graduates of this residency include:

- 2004-2005 Dr. Autumn Stewart
- 2005-2006 Dr. Rachel Henderson
- 2008-2009 Dr. Francine Costa
- 2009-2010 Dr. Renee’ M. Alsberry
- 2010-2011 Dr. Christie Urbanski

Trinity Health System/Palliative Therapeutics, LLC/Duquesne University Residency:
The Trinity Health System/Palliative Therapeutics, LLC/Duquesne University Residency is a unique, shared pharmacy practice residency. This PGY-1 residency is designed to prepare the resident for a career that focuses on acute care, teaching, and research. Trinity Health System is a 300-bed facility that offers the resident various clinical opportunities in acute care, nutrition support, infectious disease, cardiology, and internal medicine. Palliative Therapeutics, LLC is a nationwide hospice consulting program that provides the resident with opportunities in palliative care and pain management. Duquesne University provides the resident with opportunities in teaching, functioning as a preceptor to student pharmacists, and service. Graduates of this residency include:

- 2008-2009 Dr. Jennifer Padden
- 2009-2010 Dr. Lodge Bliznesky

Walgreens Specialty Pharmacy and Duquesne University Community Practice Residency:
The combined Walgreens Specialty Pharmacy and Duquesne University Community Practice Residency is a PGY-1, post-graduate program with a focus in Specialty Pharmacy. The goal is to provide pharmacy residents with opportunities to develop the fundamental skill necessary to excel in the specialty pharmacy environment. The residency program is based at Walgreens Specialty Pharmacy located in Carnegie, Pennsylvania which offers a variety of patient care services to support patents who are managing chronic life-threatening or rare conditions, including cancer, Crohn’s disease, growth hormone disorders, multiple sclerosis, psoriasis, and rheumatoid arthritis, among others. In addition, residents will gain insights on the pharmacy practice management issues that can affect the delivery of care for patients taking specialty medications.

The residency is offered in partnership with Duquesne University Mylan School of Pharmacy. This partnership allows the resident the opportunity to also gain experiences in health and wellness services and develop the academic skills necessary to serve as an educator and preceptor. Graduates from this residency include:

- 2009-2010 Dr. Laura Studnicki
- 2010-2011 Dr. Cedric Salone

Pharmacy Continuing Professional Development

Director: Dr. Kathy DeRose

Duquesne University Mylan School of Pharmacy provides quality pharmacy continuing education programs for Duquesne University alumni, preceptors, faculty grant recipients, and other health care affiliates. The goal of these programs is to provide quality educational programming in compliance with the Accreditation Council for Pharmacy Education (ACPE) standards, encourage innovation in teaching pharmacy continuing education programs, and emphasize learning outcomes. During the ACPE reporting year, June 1, 2011 – May 31, 2012, Duquesne University Mylan School of Pharmacy provided eighteen (18) Continuing Pharmacy Education activities that included 1,075 pharmacists. Partners for CPE activities during the reporting period included: Value Drug, Medco Health Care Solutions, Walgreens Specialty Pharmacy, and Duquesne University Alumni Association.

Under the direction of Michael E. Mermigas, R. Ph., D.D.S., several continuing dental education programs were offered. An Anesthesia/IV Sedation course for dentists and dental office teams was offered for the first time in spring 2009.

### Professional Student Organizations

#### Academy of Managed Care Pharmacy AMCP

**History**
The Academy of Managed Care Pharmacy (AMCP) is a professional society of pharmacists and associates who serve patients and the public through the promotion of pharmaceutical care and sound medication management to achieve positive patient outcomes. AMCP conducts an annual P&T committee competition for professional students and is active in promoting a Medicare prescription drug benefit.

**Mission**
The mission of the AMCP is to serve as an organization through which the membership pursues its common goals, provides leadership and support for its members and advances pharmacy practice in managed care settings. The AMCP serves the public through the promotion of rational drug therapy and the application of managed care principles. AMCP members are actively involved in evaluating programs and policies that affect managed care.

Academy of Student Pharmacists
ASP

History
The Academy of Student Pharmacists (ASP) is an academy within the American Pharmacists Association (APhA). ASP has been a part of APhA for the past 38 years and has over 33,000 members in pharmacy schools nationwide.

Mission
The mission of the American Pharmacists Association Academy of Student Pharmacists (APhA-ASP) is to be the collective voice of student pharmacists, to provide opportunities for professional growth, to improve patient care, and to envision and advance the future of pharmacy.

The American Pharmacists Association-Academy of Student Pharmacists (APhA-ASP) provides unique and professional opportunities for our student pharmacists ranging from leadership programs, policy and advocacy, fundraising events, and patient care screenings and events. We have six patient care committees including Operation Diabetes, Operation Immunization, Operation HEART, Heartburn Awareness, Generation Rx and Asthma Committee that allows student pharmacists to provide medication and disease state education to patients in the surrounding Duquesne Community.

Professional Projects
• Operation Diabetes
• Operation Immunization
• Heartburn Awareness

**History**
Helping to Educate and Rehabilitate Together (H.E.A.R.T.) was established as a student organization at Duquesne University in 1990. The organization has developed its own substance abuse prevention and education program and serves as a peer-to-peer intervention team to help pharmacy students with substance abuse problems. Every pharmacy organization sends a representative to each meeting which also includes concerned students and those whose lives have directly been affected by problems associated with drug dependency. Our meetings are held monthly and are open to anyone in the Mylan School of Pharmacy.

**Mission**
Our mission is to increase the awareness of substance abuse among pharmacy students and health professionals and to educate students about the disease of chemical dependency.

**Professional Project**
Chemical Dependency Awareness Program for student pharmacists.

**Officers**

• Interventionist guest speaker
• Promoted the University of Utah School of Alcoholism and Other Drug Dependencies conference

**National Community Pharmacists Association**
**NCPA**

**History**
The National Community Pharmacists Association student chapter at Duquesne University became active again in 2005. As a relatively new organization, our efforts focus largely on recruiting new members for the upcoming school year. We have been active in the community and have promoted interest in independent pharmacy among students.

**Mission**
The NCPA strives to continue the growth and prosperity of independent retail pharmacy. Part of our mission is to stay committed to pharmacist-centered care and restoring, maintaining and promoting the health and well-being of the public. NCPA offers its student members opportunities for scholarships, internships and experiential rotations. It also provides a means of networking with independent pharmacy owners.

**Pennsylvania Pharmacists Association/Allegheny County Pharmacists Association PPA/ACPA**

**History**

The Pennsylvania Pharmacists Association – Allegheny County Pharmacists Association (PPA-ACPA) Academy of Student Pharmacists was chartered as a professional student pharmacy organization on the Duquesne University campus during the 2007-2008 academic year. This group interfaces and interacts with pharmacy associations at both the local and state levels. Students have the opportunity to network with students from other schools of pharmacy, as well as pharmacists from across the state.

**Mission**

PPA-ACPA focuses on policy, legislative and advocacy issues that impact the profession of pharmacy.

**Professional Projects**

- Medication Adherence  
- Pharmacists Driving Change  
- Achieving Independence  
- Advocacy Projects

**Rho Chi Society**

**History**
Rho Chi is a national honor society recognizing the scholastic achievement of the top 20 percent of each year’s fourth-year pharmacy class, based on a cumulative grade point average. This organization commends superior students in pharmacy education for achieving and exemplifying the highest standards of academic integrity, knowledge, and skill of learning. Promoting the advancement of the pharmaceutical sciences through the encouragement and recognition of superior scholarship, this organization was granted a charter in 1941 as the Alpha Beta Chapter. Rho Chi was established to encourage and recognize excellence in intellectual achievement.
**Mission**
The Alpha Beta Chapter of the Rho Chi Society strives to uphold excellence in both academic achievement and high standards of conduct and character. Our members use their talents for the benefit of the school, local community and pharmacy profession. With each program, the chapter sets goals and strives to exceed our expectations. This focus on excellence parallels the Society’s aim to promote continued education after graduation, whether through a residency, fellowship, graduate school or further educational degrees.

**Student National Pharmaceutical Association**

**SNPhA**

**History**
The Student National Pharmaceutical Association (SNPhA) was founded in 1972 as the student affiliate of the National Pharmaceutical Association (NPhA). The student chapter of SNPhA at Duquesne University was established in 2002. SNPhA is an education and service association of student pharmacists and high school affiliate members who are concerned about pharmacy and health care issues and the need for greater minority representation in pharmacy and other health professions.

**Mission**
The purpose of SNPhA is to plan, organize, coordinate and execute programs geared toward the improvement of the health, social and educational environment of the community while providing opportunities for professional development. SNPhA offers programs that address the improvement of the health, education and social environment of the entire community, with specific consideration for the interests of minority student pharmacists and the health care of minority populations. SNPhA pledges to work with other organizations and public agencies in the pursuit of charitable and education objectives.

Professional Pharmacy Fraternities

Kappa Epsilon

History
Kappa Epsilon provides to its members a network of women who are devoted to the advancement of women in the field of pharmacy. We were granted a charter at Duquesne University as the Alpha Phi chapter in October 1999. Our chapter was formed out of a need and desire for a non-discriminatory pharmacy organization with aspirations to promote women in pharmacy.

Mission
The Alpha Phi chapter of Kappa Epsilon is a professional pharmacy fraternity dedicated to the promotion and support of women in the field of pharmacy. We strive to help in the betterment of our community and to provide support to each other throughout our education at Duquesne University.

Kappa Psi

History
Kappa Psi Pharmaceutical Fraternity was founded in 1879 at the Russell Military Academy in New Haven, Conn. Initially, it accepted both pharmacy and medical students, but this changed in 1924 to better serve the needs of each respected profession. Kappa Psi is the oldest and largest pharmaceutical fraternity in the world. It currently includes 72 active collegiate chapters and 43 active graduate chapters in the United States and Canada.
The Delta Epsilon Chapter of Kappa Psi at Duquesne University was founded in 1967 in response to the wishes of two Duquesne alumni and some of the Duquesne faculty. Responding to an increased number of women entering the pharmacy profession, Delta Epsilon amended its constitution in 1986 and began accepting women. Today, Kappa Psi is the only co-ed professional pharmacy fraternity at Duquesne.

Mission
Kappa Psi strives to be a fraternal organization for the mutual benefit of all the members; to advance the profession of pharmacy—educationally, fraternally and socially; to instill industry, sobriety, fellowship and high ideals in its members, and to foster scholarship and pharmaceutical research. Kappa Psi seeks to serve the Pittsburgh region and the Duquesne community, and members draw strength from each other, our past members and ourselves. We thrive by passing on our traditions to future members and by improving the profession of pharmacy by practicing the ideals of our fraternity.

Phi Delta Chi

History
Founded in 1960, the Duquesne University Beta Gamma Chapter of Phi Delta Chi national pharmacy fraternity endeavors to integrate academic, spiritual, and social activities into fostering the highest professional and personal ideals. The Beta Gamma chapter at Duquesne is nationally heralded as one of the best chapters of Phi Delta Chi. Throughout our long and storied history, our chapter has won 13 Emory W. Thurston awards, which is Phi Delta Chi’s highest honor. Further, we have won the Phi Delta Chi National Professional and Service Projects Award each of the past 2 years for our extensive work both on campus and in the surrounding community. In fact, we were even recognized this past summer by the Professional Fraternity Association, a national organization that encompasses professional fraternities and sororities from a variety of majors, by receiving its Outstanding Community Service Award for our work done in the 2009-2010 academic year. We take great pride in these awards, as we strive to give back to the community through many projects like blood pressure screenings, our “Know Your Drug” video series on YouTube that focuses on patient counseling information of commonly prescribed medications (over 30,000 views to date!), and our newly formed “Get to Know Your Professor” speaker series where students can learn about what our professors do when they are not teaching. We were also named the Mylan School of Pharmacy “Pharmacy Organization of the Year” in both 2009-2010 and 2010-2011 at the APhA-ASP Banquet.

Mission
The fraternity endeavors to integrate academic, spiritual and social activities and thereby foster the highest professional and personal ideals among its members.

DISTINGUISHED ALUMNI AWARD
Eric R. Hauser (P’94)

Drug in the Pittsburg area in 1990. Through a series of mergers and acquisitions, Eric has worked for several retail chains including Thrift Drug, Eckerd, Brooks Eckerd, and Rite Aid. Throughout his career, Eric has held increasing roles of responsibility including staff pharmacist, pharmacy manager, pharmacy district manager, and most recently Wellness Format Store Project Manager.

Eric graduated Suma Cum Laude from Duquesne University School of Pharmacy in 1994 with a Bachelor of Science degree in pharmacy. He has been an active member of the Pharmacy Alumni Association since his graduation. In past years, Eric has served as Vice President and then President of the organization. In addition to his involvement with the Pharmacy Alumni Association, Eric is a member of the Pennsylvania Pharmacists Association.

Eric lives in Greensburg, Pennsylvania with his wife Erica and their two mini dachshunds Cooper and Trinity. When not working, Eric enjoys traveling and gardening.

ALUMNI ACHIEVEMENT AWARD
Theresa M. Talbott (P’87)

Terry Talbott is a 1987 graduate of Duquesne University. She has practiced in the chain pharmacy setting for her entire professional career beginning with Thrift Drug as an intern and continuing for the last 22 years with CVS pharmacy. Terry has been a pharmacy supervisor for CVS for the past 10 years covering the Pocono and Lehigh Valley areas.

Terry has been involved in many pharmacy organizations throughout her career. She began her involvement with PPA as a student representative and has served the organization in many capacities, including committee membership, chairperson for the Chain Pharmacy Academy, and Speaker of the House of Delegates. Terry served as PPA President from 1998-1999. She has remained active following her presidency and currently serves as Chairman of the Awards committee. Terry also participated on the committee to rewrite the Pharmacy Practice Act in 1996.
Terry has also been involved with NCPA, APhA, and most recently served as the CVS Caremark representative to the Pennsylvania Association of Chain Drug Stores. She has attended legislative days and actively participates in working to advance the profession of pharmacy. For the last 8 years, Terry has been the CVS ambassador to the State Board of Pharmacy, attending the monthly board meetings as an observer. This knowledge will be serve as a good foundation for her service on the board.

By serving on the Board, Terry hopes to continue her service to the profession of pharmacy. She looks forward to working to advance the practice of pharmacy in Pennsylvania in new and innovative ways that will engage pharmacists and protect and empower our patients to enjoy positive health outcomes.

**Young Alumni Achievement Award**

Michael A. DeCoske (PharmD ’07)

Michael DeCoske currently serves as the Associate Chief Pharmacy Officer for Ambulatory Services at Duke University Hospital in Durham, North Carolina. He also serves as a residency advisor for the PGY1 resident in the 24-month Health System Pharmacy Administration Residency Program. Previously, DeCoske served as Coordinator of Pharmacy Administrative Services at Duke University Hospital. Prior to Duke, he completed a PGY1 and Health System Pharmacy Administration (PGY2) Residency at the Medical University of South Carolina in Charleston, South Carolina. He completed his Doctor of Pharmacy degree at Duquesne University in Pittsburgh, Pennsylvania. In 2011, Dr. DeCoske served as the keynote speaker for the White Coat Ceremony at Duquesne.

Dr. DeCoske is committed to professional pharmacy involvement. He has served as Vice-Chair and Chair of the ASHP New Practitioners Forum Executive Committee. DeCoske represented the new practitioner perspective as a voting participant at the 2010 ASHP Pharmacy Practice Model Summit. In 2011, he was awarded the ASHP Distinguished Service Award for the New Practitioners Forum. Dr. DeCoske currently serves as Vice Chair of the ASHP Section of Pharmacy Practice Managers Business Management Section Advisory Group and is a member of the University Health System Consortium Ambulatory Pharmacy Council and Specialty Pharmacy Task Force. He is a co-author of the recently published *Pharmacy Leadership Field Guide*. DeCoske holds distinction as a Board Certified Pharmacotherapy Specialist.

**Pennsylvania Pharmacists Association Awards**

**Bowl of Hygeia Award**

Rich Smiga, P’84, was the 2012 recipient of the Bowl of Hygeia award presented at the Pennsylvania Pharmacists Association (PPA) Annual Conference in Scranton, PA, on September 22nd. This award, which is part of a national awards program sponsored by the American Pharmacists Association (APhA) Foundation and the National Alliance of State Pharmacy Associations (NASPA) with support from Boehringer Ingelheim, is granted to recognize and honor a Pennsylvania pharmacist who has demonstrated sustained commitment to community service, apart from his/her specific identification as a pharmacist, which reflects well on the profession of pharmacy.

Richard Smiga began his career with Thrift Drug Company in Pittsburgh, PA, as a pharmacy intern ascending through the ranks post-graduation from assistant pharmacy manager to manager within a year. His exemplary performance as store manager led to a promotion as district pharmacy supervisor in Lancaster, PA, where he was responsible for the operations of 35 individual store units. In recognition of his service to the profession, he was recognized by Duquesne University with its Alumni Achievement Award in 2004. In 2005, he accepted a position as Vice-President of Pharmacy Operations with Care Capital Management, an umbrella organization that focuses on pharmacy retail, long-term care and institutional services.
Care Capital provides health screenings, delivery services, and medication therapy management services to its patients. Its closed door pharmacy specialty services offer dispensing services as well as medication chart reviews. In 2008, Smiga became Care Capital’s HIPAA Privacy and Security Officer and CEO, and in 2009 he began a second term as Chairman of the Pennsylvania State Board of Pharmacy. In his personal time, Smiga volunteers with a Montessori School, the Children’s Miracle Network, the Lancaster area Habitat for Humanity, and the United Way. He is a member of the Superintendents Parent Advisory Committee and is a corporate Team Chairman.

PHARMACISTS MUTUAL INSURANCE COMPANIES “DISTINGUISHED YOUNG PHARMACIST” AWARD

Jamie McConaha, PharmD ’07, was the 2012 recipient of the Pharmacists Mutual Insurance Companies “Distinguished Young Pharmacist” award presented at the Pennsylvania Pharmacists Association (PPA) Annual Conference in Scranton, PA, on September 22nd. This award recognizes new pharmacists for their dedication to and participation in PPA, commitment to the practice of pharmacy, and involvement in community activities.

Jamie McConaha, PharmD, a 2007 graduate of Duquesne University, now serves as an Assistant Professor of Pharmacy Practice at her alma mater. Providing previous assistance in the development of clinical services at her former practice site with Giant Eagle Corporation, Dr. McConaha is now actively engaged in the medical home model with Preferred Primary Care Physicians based in Carnegie, PA. McConaha is also active in multiple regional, state, and national associations, quickly stepping into leadership positions. Her health outcomes research has focused on assessing the value of a pharmacist’s impact on common chronic diseases, on the implementation of programs and systems to improve patient outcome, and on the use of advanced teaching to enhance student learning. Her pharmacy practice serves as a clinical site for sixteen Advanced Pharmacy Practice students yearly.

Dr. McConaha is a member of the American Pharmacists Association, the American College of Clinical Pharmacy, and the American Association of Colleges of Pharmacy. She is a co-advisor for the Duquesne University Student Chapter of Pennsylvania Pharmacists Association – Allegheny County Pharmacists Association (PPA-ACPA) and for the Student Chapter of the Lambda Kappa Sigma fraternity. She also sits on the board of the Pennsylvania Pharmacists Association, serves as chair for the PPA Peer Review workgroup, and is President of the Allegheny County Pharmacists Association.
We acknowledge and appreciate the generosity of all of our alumni donors. Every effort has been made to accurately list the names and donations as reported by the Office of Advancement as of 31 December 2011. To report an error, please call 412.396.6040.
