FINANCIAL AID 101

Your Guide to Understanding Financial Aid

We are proud to offer both financial support to students who need it and academic awards to recognize achievements. Financial aid comes in many forms. Use this as a guide to understanding the types of financial aid available.

Academic-Based Scholarships

Students are awarded academic scholarships based on high school achievement such as grades and test-scores. Eligibility for these awards is evaluated automatically when students apply for admission to the University.

Need-Based Financial Aid (Grants, Loans and Student Employment)

In addition to academic-based scholarships, Duquesne also offers need-based financial aid opportunities (grants, loans and student employment) to eligible applicants. We want you to be considered for as much financial aid as possible. We strongly encourage all families to submit both a FAFSA and CSS Profile to be considered for the maximum federal, state and University financial aid opportunities.

Complete the Free Application for Federal Student Aid (FAFSA)

Completing the FAFSA is necessary for need-based financial aid. The FAFSA typically opens October 1. Timing for the availability for the 25-26 FAFSA has not been announced. We will communicate information as soon as available.

Available online at studentaid.gov. Duquesne's Federal School Code is 003258.

CSS Profile

The CSS Profile provides a more complete understanding of a family's financial picture when awarding institutional need-based aid. Duquesne's CSS code is 2196 (cssprofile.collegeboard.org/).

TRANSFER STUDENTS

Transfer students are eligible to receive similar financial aid opportunities available to first-year Duquesne students, including academic-based scholarships, PA State Grant Match, need-based financial aid and non need-based aid opportunities.

Transfer students interested in applying for financial aid should follow our standard application procedures and deadlines.

In addition, students must update their Free Application for Federal Student Aid (FAFSA) to include Duquesne University (Federal School Code: 003258).

Education Loan Options

Federal Direct Loan

All students who file a complete and valid FAFSA are eligible for Federal Direct Loans. Dependent freshmen are eligible for a total of \$5,500. Up to \$3,500 of this can be subsidized, meaning it does not accrue interest while the student is in school. The interest subsidy is a need-based program and is dependent upon the result of the FAFSA. If a student qualifies for any amount of interest subsidy, the remainder of the \$5,500 is unsubsidized and does accrue interest while the student is attending.

Subsidized Federal Direct Loan

This is a need-based loan through the federal government that requires the student borrower to repay it with interest following enrollment. A "subsidized" loan refers to the interest subsidy paid by the federal government to the lender while the student is enrolled.

Visit duq.edu/npc for a net price calculator that can provide estimated costs.

Non Need-Based Loans

Unsubsidized Federal Direct Loan

The terms and conditions of the Unsubsidized Direct Loan are the same as those of the Subsidized Federal Direct Loan, but with several exceptions. Interest on this loan is not subsidized by the federal government, and, therefore, it is the responsibility of the student borrower. Students may choose to defer interest while in school and later capitalize interest (add it to the principal) at the time repayment begins.

All students are eligible for additional Unsubsidized Direct Loans. Unsubsidized loans range from \$2,000-\$5,500 in the first year. If the student doesn't have need, they would get up to 5,500 in unsubsidized loans. If they have full subsidized loans (3,500 in first year), they get \$2,000 unsubsidized.

The total academic year amount of the loans cannot exceed the limits by academic class levels as previously listed.

Additional Unsubsidized Direct Loan funds are available to independent undergraduates and dependent students whose parents have been denied a Federal PLUS Loan (additional amounts: \$4,000 per academic year for freshmen and sophomores, \$5,000 per academic year for juniors and seniors). Some students may qualify for a combination of Subsidized and Unsubsidized Direct Loans.

Federal PLUS Loan (Parent Loan)

The PLUS Loan provides a borrowing option for parents of dependent undergraduate students only. Parents may borrow up to the cost of attendance minus the amount of financial aid received. Approval of the loan is based upon a parent's credit worthiness. New applications for PLUS begin in April each year.

Alternative Loans

Duquesne University strongly urges students to apply for Direct Loans and parents of students to apply for PLUS Loans before considering alternative loans. However, alternative loans may be an effective method of financing unmet costs of education for some students. The University recommends that students apply with co-signers to secure the best possible interest rates. A historical list of lenders our students have used may be found at ELM Select (elmselect.com) searching under Duquesne University.

Duquesne Monthly Payment Plan

The University offers a monthly payment plan administered through the Duquesne Student Accounts Office. Payment plans will automatically be budgeted for the full-term balance. To learn more and enroll, visit duq.edu/student-accounts.

Loan and other rates are as of May 2024.
