Let's Do This Together

When you commit to Duquesne, you'll discover a University experience built to empower your success—each step of the way. You'll find a supportive community where you can connect with people from diverse backgrounds, join exciting organizations that enhance your academic and social experience and develop new passions while having fun!

Rooted in our Spiritan mission of service and helping others, we're dedicated to walking alongside you on your journey, providing resources, mentorship and lifelong relationships that will help you grow personally, academically and professionally as you work toward your bigger goals.

Meet Mwango Kasuba, an education and history double major who is enhancing campus culture through his position with Student Government Association, sharing the School of Education's mission with incoming students as an ambassador and studying historical events alongside peers. He knows what he wants to achieve and remains committed to building better communities through education.

▶ Read Mwango's full story at duq.edu/Mwango.

“As a future teacher, I always consider the different strategies they use that I can incorporate in how I teach. That keeps me engaged.”

Mwango Kasuba, E'28
Secondary Social Studies Education
and History double major

Preparing You for Anything

True preparation goes beyond coursework and exams—it's about developing the knowledge, adaptability and confidence to face whatever comes your way. Through hands-on collaboration and research, as well as personalized mentorship from our expert faculty, you'll be prepared to think critically, solve real-world problems and seize every opportunity throughout your Duquesne experience. The connections you make within our expansive networks will help launch your career or prepare you for graduate school.

Xander Hill knows that good physicians think on their feet and work as a team—all qualities he's developed over the past six summers as a lifeguard at his community pool. Leading with purpose and drawn to Duquesne's guiding commitment to the

common good, the sophomore biology major understands the importance of what it means to be prepared for anything. As a practicing Catholic, he was impressed by Duquesne's mission and the academic and social opportunities available through the Honors College and School of Science and Engineering.

Xander aspires to become a physician—the first doctor in his family—and he looks forward to partnering with faculty and classmates on research and clinical opportunities throughout his undergraduate career.

▶ Get to know more about Xander at duq.edu/Xander.

“There are so many options that I've started to learn about that I could see myself doing. I just have to experience it to determine if it's what I see myself doing for the rest of my life.”

Xander Hill, S'27
Biology major

Student Success Includes Your Wellbeing

Your health and wellness are integral to your success. You'll find that Duquesne offers a holistic approach to wellbeing, providing resources that nurture your mind, body and spirit. From our modern recreation facilities and fitness classes to personalized health services and mental health support, you'll have the tools to stay balanced and energized.

▶ Learn more at duq.edu/Wellbeing.

▶ Read how our Center for Student Wellbeing redefines cross training at duq.edu/GetMoving.

Duquesne's Spiritan Campus Ministry offers students various faith sharing and worship programs, social outreach events and volunteering opportunities.

We've Got Your Back

At Duquesne, your safety isn't just a priority—it's part of who we are. Located in one of the safest cities in the country, Pittsburgh, our Department of Public Safety brings together a highly trained team dedicated to keeping campus secure and to celebrating our students throughout the year!

We are one of only 10 universities accredited by the Pennsylvania Chiefs of Police Association.

Learn more at duq.edu/CampusSafety.

Sergeant Frank Cortazzo of Duquesne's Department of Public Safety hands out Halloween candy to students. He's been promoting a safe campus community for nearly four decades.

First-Gen Students: We're With You Each Step of the Way

You're committed to achieving your bigger goals—and we're here to walk alongside you. Our supportive community of students, faculty and staff provide personalized resources and guidance to help you navigate your time on campus. From dedicated advisors and mentorship programs to joining one of our more than 280 student organizations, you'll have the tools and encouragement to thrive.

▶ Watch a video and learn more about Duquesne's commitment to first-generation student success at duq.edu/FirstGen.

"It's exciting to see the joy my family holds helping me pursue a dream they have had all their lives. Be proud you are a first-generation college student!"

Discover Your Path to Success

We understand that some students want to explore several interests before deciding on a major. That's why we've designed a unique opportunity to help you discover your path to success. During your first year in our Discover Program, you'll have the freedom to explore a variety of majors, guided by supportive advisors who help you find the best fit for you. Discover Programs are available in Business, Education, Health Sciences, Liberal Arts, Music and Science & Engineering.

▶ Discover a world of options at duq.edu/Discover.

Academically, Viv Kuliecza is keeping her options open. As a first-year Discover Liberal Arts student, she's able to explore her interests in theology, public relations and advertising before committing to a major and future career. When she's not in College Hall pursuing her passions, she's on the football field helping children find theirs.

▶ Discover Viv's story at duq.edu/Viv.

"I chose Duquesne because we're in an urban area, and I felt like there was a lot of opportunity for me here. Every professor I have is for us and cares about our education. They want to make sure we're comfortable in class and want to know what they can do to help us."

Viv Kuliecza, A'28

Duquesne Graduates Are Sought By Employers

Create Your Future Through Research

Research at Duquesne isn't just for graduate students—it's an integral part of your undergraduate experience. Whether you're passionate about healthcare innovation, sustainability, business analytics or the humanities, you'll find opportunities to collaborate with expert faculty on groundbreaking projects that address real-world challenges. Our hands-on approach empowers you to develop critical thinking skills, gain practical experience and contribute new ideas that make an impact—no matter your field of study.

“Both the School of Science and Engineering and pre-med certificate program are going to provide me with a world-class education. The STEM-based opportunities at Duquesne offer new and exciting challenges that will increase my knowledge of medicine and serve me well when I enter medical school.”

Madeline Schlichter, S'27
Biochemistry major

▶ Learn about Madeline's path to Duquesne at duq.edu/Madeline.

Duquesne University received a new \$1.5 million grant that will expand research into using nanoparticle technology to preserve human limbs for transplantation surgeries. The grant awarded to Dr. Jelena M. Janjic of Duquesne's School of Pharmacy will create novel preservation strategies for multiple tissue types, including skin, bone, nerves and blood vessels.

Learn more about this grant and other Duquesne research endeavors at duq.edu/Research.
