The 15 credit Healthcare Ethics Minor will focus on moral values and ethical dilemmas in regard to health, disease and healthcare. The Minor will be particularly interesting for students who are planning to work with patients and health professionals, and who pursue a career in healthcare, nursing and health sciences.

For more information please contact Dr. Joris Gielen, 301A Fisher Hall, at gielenj@duq.edu or visit duq.edu/chce.

REQUIREMENTS

3 required courses plus 2 electives:

- Course UCOR 254, UCOR 253 or UCOR 255: Healthcare ethics
  Instructor: Michael Deem, Fall, MWF 2:00 - 2:50 p.m.

- Course HCE 410: Who decides when I am ill?
  Instructor: Joris Gielen, Fall, TT, 10:50 a.m. - 12:05 p.m.

- Course HCE 320: Medical research: Guinea pig or duty to participate?
  Instructor: Peter Osuji, Spring, Thursday 1:00 - 2:15 p.m.

- Course HCE 330: Global bioethics
  Instructor: Joris Gielen, Spring MWF, 11:00 - 11:45 a.m.

- Electives: various courses on ethical issues in healthcare in various departments and schools or Independent Study

ADVANTAGES

- In most programs students already have taken UCOR Courses or other Ethics courses. These courses can be included in the Minor program.

- All required courses will satisfy requirements in the University Core.

- Every core course of the minor will be offered at least once every year. Students will be able to complete the minor within two years.
