MESSAGE FROM THE PRESIDENT

Dear Members of the Duquesne University Community,

At Duquesne University, the safety and security of students, faculty, staff and visitors to our campus is of paramount importance. Charged with this vital responsibility are members of our Public Safety Department, which includes 32 state-certified police officers, nine highly trained security officers and nine support staff. This dedicated team directs emergency response and law enforcement efforts; it also develops plans and programs for crime prevention and safety awareness.

I’m proud to report that Duquesne’s Public Safety Department is accredited by the Pennsylvania Chiefs of Police Association, a distinction held by only seven other universities in the state. The rigorous accreditation process ensures that our department members have the extensive training and exceptional qualifications necessary to safeguard our campus.

Please take time to read through this annual report, which outlines Duquesne’s policies, procedures and programs related to campus security and fire safety. In partnership with Public Safety, we can help keep our campus, and all members of the Duquesne community safe, thanks to the efforts of this first-class team.

Sincerely,

Ken Gormley,
President

ANNUAL SECURITY AND FIRE SAFETY REPORT

This annual security and fire safety report is completed by the Department of Public Safety to be in compliance with the Pennsylvania College & University Security Information Act (May 26, 1988, P.L. 448, No. 73; and PA Leos. Serv. Act 1994-87) and with the U.S. Student Right to Know & Campus Security Act (Public Law 101-542) and Drug-Free Schools and Communities Act. Each institution of higher education in the Commonwealth of Pennsylvania is required to annually publish specific data relating to the number and per capita rate of certain types of crimes reported to have occurred at the institution, and the security measures that are in place to reduce the risk of criminal victimization for members of the community. Additionally, this report addresses requirements of the Jeanne Clery Disclosure of Campus Security Act.

In compliance with these requirements, Duquesne University is pleased to present the following information to all students, employees and applicants to the University.

DEPARTMENT OF PUBLIC SAFETY MISSION STATEMENT

The Duquesne University Department of Public Safety exists to serve and protect the University community and the environment that sustains and encourages moral and intellectual growth. We facilitate this goal by anticipating and preventing unsafe conditions and protecting individuals from the imprudent or illegal acts of others.

To do this, we seek out educated and motivated men and women and train them to function as University Police Officers. Our commitment is to improve the quality of life on campus. Conflict resolution is our primary goal, accomplished through mutual cooperation and understanding, or when necessary, through imposition of administrative or legal sanctions. Inherent in the application of these sanctions is that such actions shall be ethical, constitutional and humanistic.
SAFETY: A CAMPUS-WIDE EFFORT

At Duquesne University, safety is a campus-wide effort uniting the work of many departments, including the Department of Public Safety, the Office of Residence Life and the Department of Environmental Health and Safety. Together, these University departments strive to maintain a safe environment for all students, faculty, staff and visitors.

Department of Public Safety: Security and Law Enforcement

The Department of Public Safety is responsible for security and law enforcement on campus. The department employs 32 sworn police officers, nine non-sworn security officers and nine non-sworn support staff.

University Police Authority & Training

University police officers are vested with all the powers, authority and responsibilities of any police officer in the Commonwealth. This authority encompasses property owned or operated by the University, including immediate adjacent public streets and property. The authority is derived from the Statute, 22 Pa. C.S. §50, Section 501 of the Act of November 15, 1972, P.L. 1063 No. 271, known as Act 501. Duquesne University’s police officers, upon the recommendation of the University, are appointed by a judge of the Court of Common Pleas of Allegheny County.

Police officers must successfully complete 758 hours of initial training at an approved police academy. The training curriculum is as mandated by the Pennsylvania Municipal Police Officers Education and Training Commission, and includes topics such as criminal law and procedures, patrol and investigation practices and techniques, firearms, human values and problems, first aid and physical training. An array of in-service training programs is presented to update and enhance the professional skills of the officers.

The use of weapons by University police personnel is governed by state law and by departmental regulation: members shall use their firearms only to protect their lives or the life of another when there is a clear and immediate danger to life, or to prevent grievous injury to themselves or another when a clear and present danger exists.

Relationship with State and Local Agencies

The Department of Public Safety cooperates fully with local and state law enforcement agencies in cases involving both on-campus and off-campus jurisdictions, and when the resources of another agency can be used to facilitate the resolution of an investigation. In addition to these cooperative efforts, criminal incidents are reported to state and local police agencies by the Department of Public Safety at such times and in such forms as required by law. Students involved in incidents off campus will be assisted in any way possible by the appropriate campus agency. An ongoing dialogue is maintained between the department and local law enforcement agencies to disseminate information of pertinence to current investigations. There is no written memorandum of understanding between the Duquesne University Police and Municipal or State Police agencies. The University has no off-campus housing or student organizations that require monitoring by local police agencies.

As Duquesne University’s campus is completely encompassed within the City of Pittsburgh, the Pittsburgh Bureau of Police have jurisdiction throughout the campus. The University police will request an investigation to be conducted by the Pittsburgh Bureau of Police for any incident of death or homicide, arson involving death, serious injury or extensive loss of property, the presence of any explosives/bomb making materials, and the sex crimes of Rape and Involuntary Sexual Intercourse. The role of the Duquesne University Department of Public Safety will be to secure the scene and provide whatever assistance the Pittsburgh Police may require during the investigation of these enumerated crimes.

The Duquesne University Department of Public Safety also works cooperatively with the various law enforcement agencies of the seven colleges and universities within the metropolitan area and is an active member of the University Crime Watch Coalition in Pittsburgh. Although we work closely with these other agencies, no written memorandum of understanding exists with these agencies.

The Duquesne University Department of Public Safety has been accredited by the Pennsylvania Chiefs of Police Association since 2009, meeting or exceeding the numerous professional standards set by this organization. There are approximately 1,117 police agencies in Pennsylvania and only 115 have received this accreditation, only seven of which have been campus police agencies.

Security of and Access to Campus Facilities

Academic Buildings and Campus Facilities

During business hours, Duquesne University is open to students, parents, employees, contractors, guests and invitees. In keeping with the liberal pursuit of higher education, the campus promotes the freedom of movement within the campus. Being a private institution, however, University Officials retain the right to limit or exclude the access of any person that violates the policies or procedures of the University or local, state or federal laws.

The hours that academic buildings are open is determined by the Deans and Provost. Non-academic building hours are determined by the various department heads that use the particular building. Facilities will be secured according to schedules developed by the department responsible for the facility.

During non-business hours, access to all University (non-residential) facilities is by card access system monitored by the Department of Public Safety. Card access is only granted to specific individuals by the department chairs or department heads for their authorized building(s). Department of Public Safety personnel have card access to all University buildings.
Office of Residence Life: Living Learning Centers

Through a combination of the latest technology, sound policies and highly trained staff, the University ensures the safety of its residents while still allowing for their independence. The Office of Residence Life employs seven full-time professional Resident Directors, five Assistant Resident Directors, eight full-time desk staff, 90 Resident Assistants, 15-20 part-time Night Aides and 75 Student Aides. Brottier Hall front desk is managed by Capstone on Campus Management Company.

Residence Life Staff – Continuous Training

Resident Assistants undergo an intensive ten day training period prior to the start of each academic year; this training includes a review of all University security policies and procedures related to the Living Learning Centers. Regular in-service training and staff development programs are conducted throughout the year to consolidate and enhance staff’s knowledge. All other personnel are trained by the Resident Director of the building to which they are assigned at the start of their employment, along with an ongoing program of training and supervision.

At the beginning of each academic term and every time that it is deemed necessary, Resident Assistants conduct floor meetings to review security enforcement, policies and procedures. These meetings are conducted in cooperation with the University Public Safety Department and other law enforcement/public safety agencies.

Safety Measures in the Living Learning Centers

- Security Devices
  The main entrance to each Living Learning Center employs a card access system and is monitored by Residence Life personnel 24 hours per day. The main entrance to each Living Learning Center is locked from 1 a.m. until 6 a.m. each day and can be accessed only by residents of that building. All other entrances are locked and alarms are provided. Cameras monitor the public areas of the Living Learning Centers. The door of each student’s room has a standard heavy duty dormitory-function entrance lock set, and the windows of each room have locks.

- Guest Visitation
  Guests must be signed in by a resident of the Living Learning Center they are visiting and must be escorted by their host at all times while in the building. Guests are required to present proper identification to the Desk Attendant when they are signed in, and may reclaim their identification only when they are signed out at the end of their visit. Guests not associated with Duquesne are subject to the same rules and regulations as Duquesne resident students.

Department of Environmental Health and Safety: Protection of Life, Property and the Environment

The Environmental Health and Safety Department’s (EHS) primary mission is the protection of life, property and the environment on all properties of the University. It is the department’s responsibility to be aware of all present and proposed local, state and federal laws and regulations as well as professional standards and codes. EHS assists the University to meet these requirements by developing programs to be implemented by campus personnel and students. EHS abides by the University Environmental Health and Safety Policy (The Administrative Policy, TAP #29). For more information about EHS’s responsibilities and policies, visit: duq.edu/ehs.

Environmental Health & Safety Laws

EHS tracks developments in environmental health and safety laws and regulations, and determines which of those requirements apply to campus activities. EHS collaborates with faculty and staff to assure safety in Duquesne’s science laboratories and the University community; helping the University meet these requirements by developing programs to be implemented by campus personnel, by direct services, or by a combination of these means. EHS is also responsible for evacuation drills of all campus buildings.

Science Laboratories

EHS is also responsible for safety in Duquesne’s science laboratories. EHS focuses on the safe handling, use, storage and disposal of laboratory wastes and other hazardous substances. This is accomplished through training, laboratory inspections, safety committees and open communication with the employees.

Safety Leadership at Duquesne

Workplace safety leadership at Duquesne strives to include staff at all levels with representation reflecting the University’s diversity.

Labor Management Safety Committee

This committee consists of representatives from EHS, Faculty, Grounds, Housekeeping, Maintenance, Parking, Public Safety, Residence Life and the Departments of Biomedical Engineering and Nursing. The committee meets monthly and its mission is to identify and address environmental and procedural safety concerns campus wide.

Lab Safety Committee

This committee consists of representatives from Biology, Biomedical Engineering, Nursing, Chemistry, Pharmacy, Physics, Physical Therapy, Instrumentation, Research, EHS and Facilities Management. The committee meets quarterly and its mission is to review lab safety activity and related safety policies related to chemical, biological and radioactive materials.

University Safety Committee

This committee is represented by leaders in EHS, Public Safety, Facilities Management, Student Life, Office of Marketing and Communications, Research, Legal Counsel, Risk Management and Business Management. It meets twice a year and its mission is to direct, oversee and coordinate all safety efforts on campus.
Visitor & Guest Arrangements

With the exception of certain events which are open to the general public and advertised as such, the University's facilities and programs are generally intended for the use and benefit of the students and employees of the University. Visitors and guests seeking to utilize University facilities are expected to make prior arrangements with the appropriate University office, and their privilege to use these facilities is determined by the University regulations then in effect. Visitors and guests to the University's residential facilities must be registered and escorted by their host while in the residence facilities.

Campus Security Services

Campus Patrols
Police officers and security guards regularly patrol campus and adjacent streets by vehicle, bicycle and on foot. Public Safety has six marked patrol cars and seven bicycle units.

Safety Escort Service
In order to ensure peace of mind when it is necessary to walk alone, any student, staff or faculty can request a personal safety escort from Public Safety to or from his or her car, residence hall, academic building or office. To request a safety escort, dial 6002 from an on-campus phone or call 412.396.6002 from an off-campus phone or cell phone.

Security Cameras
Public Safety operates a number of 24-hour security cameras throughout campus to assist in crime prevention.

Card Access System
A card access system is currently being used in all academic buildings on campus as well as all of the Living Learning Centers. It is designed to give access to authorized persons and to document the date and time the card was used as well as the location used.

Code Blue Emergency Service
The Code Blue is a stand-alone interactive voice security station with integrated area lighting and interactive voice technology. The system is designed so that when the single button is pushed, the unit will automatically and immediately contact Campus Police. Simultaneously, this activation will automatically activate the blue light flashing at no less than 60 times per minute. Immediately after establishing the phone connection with the Campus Police, the communications device will send a signal to the Campus Police indicating the location of the activated station. Once the system is activated, it allows you to have hands free communication directly with the Campus Police. Code Blue phones are located at the following areas:
- Bluff Street near Rooney Field
- Locust Circle near Gumberg Library
- Shingiss Street at Rockwell Hall

Panic Alarms
Panic alarm buttons have been installed within the Gumberg Library, the Law School Library, the Student Union, and many of the bathrooms throughout campus. These panic buttons permit a person experiencing an emergency to directly alert the campus police for an immediate response.

South Side Shuttle
The South Side Shuttle offers transportation services from campus to the South Side for students, faculty and staff throughout the fall and spring semesters. Permits must be purchased on a per semester basis. For complete information visit duq.edu/shuttle-bus.

Weekend Shuttle Service
Duquesne's Student Government Association provides free weekend shuttle service for students to popular area attractions, such as the Waterfront, Southside and the Strip District. Proper student I.D. is required. Visit duq.edu/loop-bus for a service schedule.

Bicycle Racks
As Duquesne University and our students continue in environmentally friendly ‘green’ efforts, bicycle racks have been installed throughout the campus. Students are highly encouraged to obtain a high-quality locking device and use the designated racks for the security of their bicycle. Bicycles that are not secured in approved areas, or that are abandoned, may be removed by Public Safety. Pittsburgh has become an increasingly ‘bike friendly’ city, with many miles of bicycle trails nearby to campus. There is a Bicycle Storage room in Des Places Hall for student use. Students interested in reserving a space should contact the Des Places Office at 412.396.2474. Consider joining BikeDUQ – check out their website at duq.edu/bikeduq.
Counseling Center Services
The University Counseling Center provides free and confidential counseling services to Duquesne students. Counseling is confidential, and may be short-term or long-term depending on the person's needs. Please contact the Counseling Center at x6204 or visit duq.edu/counseling for detailed information on their services.

Spiritan Campus Ministry
Spiritan Campus Ministers are trained professionals, lay and ordained men and women, who are available to serve the needs of Duquesne students, faculty and staff, especially concerning faith, relationships and life issues. Please contact the Spiritan Campus Ministry staff at x6020 or visit duq.edu/campus-ministry. Pastoral counseling is coordinated with the University Counseling Center.

DU CARES
Duquesne University is committed to the principles of the Drug-Free Schools and Communities Act and provides educational awareness and prevention programs to both students and employees, as well as enforcement of all laws regarding drugs and alcohol. It is our belief that the improper or illegal use of drugs or alcohol causes health risks, may contribute to accidental death, subjects the person to the risk of sexual victimization or other crimes, impairs clear thinking, and is not conducive to learning in an orderly, safe campus environment. The Department of Public Safety offers a Drug and Alcohol Abuse Awareness program, while a more intensive program of services are presented by DU Cares. Please call x5834 or visit duq.edu/cares for detailed information about DU Cares. Employees may use the Employee Assistance Program for drug or alcohol issues; help is available 24 hours a day, every day. Please call 1.800.327.7272.

Safety Tips
There are a number of simple and effective actions that everyone can take to minimize their risk of becoming a victim. These include:
- NEVER leave your purse, computer, books or other valuables unattended – even for just a moment.
- ALWAYS lock your residence hall door and your car door; never leave valuables in plain sight.
- Don’t walk alone at night and avoid short cuts or isolated areas.
- Stay away from isolated ATM locations.
- Have your keys ready as you approach your car or residence.
- If you suspect you are being followed, go to the nearest business and ask someone to call the police.
- Use the buddy system at parties or events. Avoid excessive use of alcohol.
- Always be aware of your surroundings and follow your gut instincts; if your intuition tells you that you are at risk, try to leave the situation quickly.
- Never hesitate to call campus police at 412.396.2677 — we are always here to help you!

Campus Community Risk Team (CCRT)
The mission of the CCRT is to prevent violence on campus. Any member of the campus community may report their concern of the behavior of a person which may be potentially dangerous or alarming. This permits the team to share their expertise and experience with the goal of identifying and preventing a potentially dangerous situation from occurring in the future.

Emergency Medical Services
Duquesne University students have access to excellent emergency medical services. All uniformed officers in the Department of Public Safety are CPR, AED and First Aid certified, several being CPR and AED instructors. All police vehicles, residence halls and academic buildings are equipped with AEDs. Duquesne University Health Service is staffed with professional health care personnel to handle routine medical issues. Emergency medical calls are answered by police officers and Pittsburgh Fire Department first responders; if the medical emergency is of a severe nature, the Pittsburgh Emergency Medical Service (EMS) paramedics quickly respond to campus. Emergency medical care is immediately available 24 hours a day, seven days a week on campus. Additionally, Duquesne University is blessed to have a Level 1 Trauma Center and Comprehensive Burn Center (UPMC Mercy Hospital) immediately adjacent to our campus, located at Locust and Stevenson Streets.

Missing Student Emergency Contact Policy

In keeping with federal law, 20 U.S.C.§ 1092j, the Office of Residence Life will initiate the following missing student notification policy. This policy is designated for those students living on campus. In the event of a report of a missing student, Residence Life staff will also work directly with the Duquesne University Police Department. The purpose of having a listed Emergency Contact is to be able to verify cases in which a person may not be missing but has voluntarily left his or her residence. Reports of a missing resident student should be made immediately to either the Office of Residence Life or the Department of Public Safety.

1. Each student residing in the Living Learning Centers has the opportunity to list an Emergency Contact by completing an Emergency Information Card. Students will be encouraged to notify the Emergency Contact that he or she has been designated as such. This information is maintained by and accessible to the Office of Residence Life staff who will implement this policy.

2. If it is determined that a student is missing, the University will implement the Missing Student Protocol. An attempt to notify the listed Emergency Contact will be made if a student is missing for 24 hours and the Duquesne University Police will be notified for all missing person reports.

3. At any point during the student’s enrollment, he or she may choose to register or change confidential contact information with the University by notifying the Office of Residence Life. This information is confidential but may be released to the Duquesne University Police and staff as necessary to carry out the purposes of this policy.

Missing Student Protocol

1. Residence Life staff will immediately contact the University Police and the Vice President for Student Life when a student is reported missing.

2. When the Office of Residence Life is notified that a student may be missing, appropriate steps will be taken to locate the student. These steps include, but are not limited to:
   - Attempt to make contact with student via email, cell phone, visit to room.
   - Seek information from Resident Assistant, roommate, floor-mates and friends
   - Verify student DU Card use within last 24 hours.
   - Verify student meal plan use within last 24 hours
   - Contact Academic Advisor to determine class attendance.
   - Contact coaches, Greek or other student activity advisors, etc., as appropriate.

3. Exchange information with University Police regarding our respective investigations.

4. The Office of Residence Life will be responsible for notifying the appropriate emergency contacts within 24 hours as established above when a student is determined missing. The parents or guardians of students under the age of 18 and not emancipated will be notified.

5. The Duquesne University Police Department will be responsible for filing all related missing person reports with other agencies as may be required.

6. The Office of Residence Life staff will serve as support personnel when a student is determined missing and make appropriate contacts within the University. Offices to be notified include: Resident Director, Executive Vice President for Student Life, University Police, Dean and/or Academic Advisor, Office of Marketing and Communications and any other offices relevant to the missing student.
SAFETY AND PREVENTION PROGRAMS

The following are free* program topics offered through Public Safety open to both students and employees:

Look Up, Walk Smart and Be Aware
This program engages participants in observation exercises to learn how to spot and report suspicious activity for the protection of themselves and others. A component of this program includes bystander intervention as a means of crime prevention.

Rape Awareness and Prevention
This program focuses on lifestyle choices that can reduce a person’s risk of being sexually victimized. It is designed to promote the awareness of rape, acquaintance rape, and other forcible and non-forcible sex offenses. This program discusses what constitutes ‘consent’, and drug and alcohol-facilitated sexual violence. Included is a discussion of potential outcomes of sexual assault, including physical and emotional harm, and the importance of medical treatment and evidence collection. This program also provides information on how a victim of sexual violence may report incidents to campus authorities and law enforcement. Information on resources available to assist a victim in the healing and recovery process is also offered. A component of this program includes bystander intervention as a means of prevention.

Drug and Alcohol Abuse Awareness
This program addresses risks associated with the use of alcohol and other drugs. Lifestyle choices and available resources are discussed. A component of this program includes bystander intervention as a means of prevention.

Rape Aggression Defense System (RAD)
RAD consists of a 12-hour program that teaches awareness, prevention, risk reduction and avoidance while progressing to the basics of a more hands-on defensive training. Certified RAD instructors teach defensive concepts and techniques against various types of assault by utilizing effective and proven self-defense and martial arts tactics. A component of this program includes bystander intervention as a means of prevention.

Self-Defense Awareness and Familiarization Exchange Program (SAFE)
This two-hour program is similar to the RAD system, but can accommodate individuals unable to commit to a 12-hour program. A component of this program includes bystander intervention as a means of prevention.

Operation Identification Program
This nationally recognized theft prevention program is offered free to all members of the University community by Duquesne University’s Crime Prevention Unit. Students and employees are encouraged to mark personal property by engraving a unique identifying number on valuables. Engravers can be borrowed from Public Safety by calling 412.396.6002. Public Safety will maintain records of the engraved items.

Child Safety Seat Inspection
Police officers specifically trained in the correct installation and use of infant/child safety seats will conduct inspections and instruct on proper use and application.

First Aid/CPR/AED Classes
The Department of Public Safety has four American Red Cross First Aid/CPR Instructors on staff. All interested parties should contact Deputy Chief Lee Speer at x4935.

Workplace Violence Program
This program features a video and discussion to help prepare staff and faculty on what to expect during a workplace violence incident and what they can do to help our students in such a situation. A similar version is presented for students which includes ‘hands-on’ demonstrations of options to consider in protecting themselves in such a situation.

Child Safety Programs
Children of members of the University community can benefit from a variety of safety programs, such as Halloween Safety, Bicycle Safety, fingerprinting for family identification records and issuance of personal photo identification cards.

Relationship Violence Program
This new program will define and discuss three aspects of relationship violence: domestic violence, dating violence and stalking. Recognition of signs of abusive behavior and how to avoid potential violence or abuse, will be presented. Information on Pennsylvania’s ‘Protection From Abuse’ (PFA) Orders, Sexual Violence Protection (SVP) Orders, Protection From Intimidation (PFI) Orders, and student protective orders under the Office of Student Conduct will be discussed, as well as possible criminal or disciplinary sanctions. A component of this program includes bystander intervention as a means of prevention.

* There is a minimal charge for First Aid/CPR/AED Certification.

For complete descriptions of each topic, please visit duq.edu/public-safety. To schedule a program or inquire about a topic not on the list, please contact the Crime Prevention Unit at 412.396.6002 and ask for Deputy Chief Lee Speer.
Compliant to the Clery Act, the University must disclose the following policies and practices:

**Reporting a Crime or Emergency**

**Main Campus**
Members of the University community are urged to immediately notify the Department of Public Safety of any criminal activity or other emergency that occurs on campus. Department of Public Safety personnel will respond quickly and initiate whatever action is necessary to resolve the emergency, including the activation of off-campus police, fire or medical agencies when appropriate. A special 24-hour emergency number, 412.396.COPS (2677), has been designated and advertised throughout the campus community, in addition to the city’s 911.

**Confidential Crime Reporting**
To encourage the prompt reporting of all crimes, it is University policy to honor the requests of witnesses and victims who wish to keep their identity confidential, to the degree permitted by the various laws governing university investigations. The purpose of a confidential report is to take some steps to ensure the future safety of the reporting person and others while protecting her/his identity. The University can use such information to keep accurate records about the number of incidents, look for patterns concerning location or methods of operation, and alert the campus community to potential danger. If a victim wishes to file a confidential report, they may contact one of the following campus officials that are designated as “Campus Security Authorities”: the Vice President of Student Life, Director of Residence Life, Title IX Coordinator, professional counselors within the University Counseling Center, Director of Greek Life, Office of Student Conduct Director, Athletic Department Director, Student Health Service Director, and the Deans of the various schools of the University. Because of the serious nature of allegations of sexual misconduct and the potential impact on the broader campus community, confidentiality cannot be guaranteed. However, when requested, confidentiality will be protected to the greatest extent possible in keeping with the obligation to conduct a thorough investigation and providing a safe environment for the entire campus community.

Completely confidential reports may only be made to two groups of Campus Security Authorities at Duquesne University: Pastoral Counselors and Professional Mental Health Counselors, and only when they are functioning within their role as a counselor. Although there is no written policy, both pastoral and professional counselors may inform those persons being counseled of the procedures to report crimes, either to the police or confidentially.

Campus Security Authorities are trained in their responsibilities to report statistical crime information to the Department of Public Safety, and to alert Public Safety in circumstances when an Emergency Notification or Timely Warning must be issued. The University will not permit retaliation against anyone who, in good faith, brings a complaint of acts of aggression, harassment or violence or serves as a witness in the investigation of a complaint of campus violence.

**Methods of Communicating Emergencies or Criminal Events to the Campus**
It is the policy of Duquesne University to provide timely information of emergencies or criminal events to our students and employees. We do so through one or more of three primary methods: emergency notifications, timely warnings or public safety advisories.

**Emergency Notifications**
The most serious crime or situation that can occur at Duquesne University is one which is an immediate threat to the health and safety of students, employees and visitors to the campus — in the event of an immediate life-threatening emergency having potential to endanger others in the DU community. Such a life threatening emergency may manifest itself as a gunman on campus, an explosion in a building, a poisonous gas release in a building, or even a natural threat such as a tornado. It is
the duty of the Department of Public Safety to confirm the threat and attempt to reduce this immediate threat to life by giving warning to the campus of such threat as quickly as possible. It will be issued by Duquesne University, without delay, unless issuing such notification will in the professional judgment of responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency.

In such an emergency, the decision to issue a DU Alert is the responsibility of the most senior police officer present on campus during such emergency. Notification will begin as quickly as possible and may use one or all of these methods:

- DU EMERGENCY ALERT
- Outdoor Warning Siren System
- Mass e-mail, Blackboard, DU Daily and the University website
- Campus Hotline: x1700 from campus phone or 412.396.1700. *(Recorded message regarding cancellations, delays or emergency issues)*
- Local/Regional radio, television
- PA System built into siren control of each police vehicle
- “Bullhorn”: handheld PA devices or by personal communication

**DU EMERGENCY ALERT**
A DU Emergency Alert is a message notification from the DU Department of Public Safety using an automated notification system to advise you of a life threatening emergency, disaster or major interruption of the campus operations so that you can self-evaluate your safety at your location to enable you to avoid or escape danger. Follow-up information will be provided to update you on the emergency as it becomes available. This system will be utilized in addition to Duquesne’s other emergency mass communication methods.

You must subscribe to the DU Emergency Alert in order to receive such notifications; all students and employees are highly encouraged to subscribe. Subscription is easy. Please sign up at duq.edu/multipass.

Individuals must subscribe to the DU Emergency Alert system to receive an alert via the following methods:
- DU Emergency Alert • Mobile devices
- DU Emergency Alert • Text messages (SMS)
- DU Emergency Alert • Calls to non-Duquesne phone numbers *(“land line” only, i.e. a home phone)*

**OUTSIDE WARNING SYSTEM**
The University has an Outside Warning System for immediate notification in the event of an emergency. The Outside Warning System emits a tone and a voice message announcing the nature of the emergency. The system is intended to warn people outside campus buildings of a life threatening emergency or disaster. They may not be heard throughout the entire campus and inside buildings. This system is tested at least once per semester.

**TIMELY WARNINGS**
Special notices are issued by the Department of Public Safety in a timely manner to publicize violent crimes or perceived patterns of crime in a particular area, to warn of criminal activity, to heighten awareness of crime prevention, and help prevent recurrences. Campus wide warnings are made by various methods, including e-mails, text messages or posting alerts on bulletin boards, doorways, entrances or other areas of high visibility throughout campus. Timely warnings are issued for the ‘Clery’ crimes of homicide, manslaughter, forcible and non-forcible sex offenses, robbery, aggravated assault, burglary, motor vehicle theft, arson, illegal weapons crimes and hate crimes. The issuance of a ‘Timely Warning’ is a group process by which the Director of Public Safety with the Assistant Vice President of Office of Marketing and Communications develop the warning and receive the approval to issue the warning from the President of the University. Names of victims and witnesses are confidential, and will not be provided in a Timely Warning, DU Alert or Public Safety Advisory.

**PUBLIC SAFETY ADVISORIES**
Special notices may be issued by the Department of Public Safety to alert the campus community, or affected segments of the community, to incidents of or perceived patterns of other criminal offenses not necessarily covered by the Clery requirements, such as thefts or panhandling. Such advisories may be given campus-wide or to only affected areas, such as a particular building or garage.
Daily Crime Log
The Department of Public Safety maintains a log of all criminal incidents reported to the department. The daily crime log includes the date and time the report was received, the date and time the incident occurred, the nature of the offense, the location of the offense and the disposition if available. The daily crime log is available for public inspection at the Department of Public Safety.

Public Record of Sex Offender
In accordance to the “Campus Sex Crimes Prevention Act” of 2000, which amends the Jacob Wetterling Crimes Against Children and Sexually Violent Offender Registration Act, the Jeanne Clery Act and the Family Educational Rights and Privacy Act of 1974, the Duquesne University Department of Public Safety is providing a link to the Pennsylvania State Police Sex Offender Registry. This act requires institutions of higher education to issue a statement advising the campus community where law enforcement information provided by a State concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a State to provide notice of each institution of higher education in that State at which the person is employed, carries a vocation or is a student. In the Commonwealth of Pennsylvania, convicted sex offenders must register with the Pennsylvania State Police Sex Offender. Information provided by the Pennsylvania State Police under Section 1407 (j) of Title 42 U.S Code, concerning registered sex offenders subject to community notification, may be obtained in the office of the Duquesne University Department of Public Safety or at the Pennsylvania State Police website www.pameganslaw.state.pa.us/.

Weapons Policy
All visitors and members of the campus community are prohibited from possessing or carrying weapons of any kind while on University property, regardless of whether they are licensed to carry the weapon or not. Such prohibition extends to individuals having weapons in briefcases, purses, tool boxes, personal vehicles, or other personal property or effects. The only exceptions to this policy are:

A. Firearms in the possession of University police officers;
B. Firearms in the possession of on-duty law enforcement officers;
C. Legal chemical dispensing devices that are sold commercially for personal protection.

University sanctions will be imposed on offenders as appropriate and, in addition, criminal charges may be filed.

For the purposes of this policy, “weapons” include (a) firearms, such as handguns, shotguns, rifles, pellet guns, machine guns, stun guns, tasers or electronic stun weapons; (b) explosives, such as bombs, grenades, blasting caps or other containers containing explosive substances; and (c) other equipment, material, and devices that, in the manner they are used could ordinarily be used, or are readily capable of causing serious bodily injury. The items described in clause (c) include, but are not limited to, knives (except small personal pocket knives with folding blades that are less than three (3) inches long.), brass knuckles, clubs or chains.

Please refer to TAP 48 Weapons and Violence - Campus and Workplace.

Criminal History
It is the procedure of the University that all new employees must undergo a pre-employment screening process that has certain minimum elements and additional aspects depending on the nature of the duties involved. This procedure applies to all new hires as full-time administration, staff and faculty employed by the University. Students who hold full-time employment at the University must undergo the same pre-screening process. The application for admission to Duquesne University does request information concerning any previous criminal conviction. The University recognizes its responsibility to ensure the safety of the campus community and will evaluate enrolled students’ status in the event of their criminal conviction in public court.

Alcohol and Drug Policies
Duquesne University is committed to the Drug-Free Schools and Communities Act. All matters relating to alcohol are governed by the Pennsylvania Crimes Code and related statutes. No person under 21 years of age is permitted to purchase, consume, transport or possess an alcoholic beverage. Students 21 years or older may keep or consume alcoholic beverages within their individual residence hall rooms, or at social functions on campus where permission to dispense and consume such beverages is granted by the University. All violations of the University alcohol policy may be subject to criminal prosecution as well as to University disciplinary sanctions. Likewise, the University strictly adheres to the federal and state laws which govern the possession, distribution or consumption of drugs or other controlled substances. Students and employees illegally possessing, distributing or using such drugs or controlled substances will be subject to criminal prosecution as well as to University disciplinary sanctions.
**Drug-Free and Alcohol-Free Working and Learning Environment Policy**

**A. Preamble**
Duquesne University, in keeping with the Mission Statement of the University, is committed to the maintenance of a drug and alcohol free working and learning environment in accordance with the provisions of the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendments of 1989.

**B. Policy**
Employees are expected and required to report to work on time and in an appropriate physical condition for work. It is the intent of the University to provide a healthful, safe and secure work environment free of drugs and alcohol abuse.

Students are expected and required to report for classes on time and in an appropriate physical condition to learn. It is the intent of the University to provide a healthful, safe, and secure learning environment free of drugs and alcohol abuse.

The unlawful manufacture, distribution, possession, or unlawful use of a controlled substance or alcohol on University premises or while conducting University business off University premises, is absolutely prohibited. Any University employee determined to have violated this policy is subject to disciplinary action including, but not limited to a warning, written reprimand, suspension, dismissal, and/or mandatory participation in and successful completion of a drug abuse assistance or rehabilitation program approved by an appropriate health or law enforcement agency. Likewise, a student found in violation of this policy will be subject to such disciplinary actions as described in the Code of Student Rights and Responsibilities up to and including expulsion.

The University recognizes drug dependency and alcoholism as illnesses and major health problems. The University also recognizes drug abuse as a potential health, safety and security problem. Employees or students needing help in dealing with such problems are encouraged to seek assistance through University Health Service and their health insurance plans as appropriate. Conscientious efforts by employees and students to seek help will not affect University status and will be kept in strictest confidence.

Employees are required, as a condition of employment, to abide by this policy and report any conviction under a criminal drug or alcohol statute for violations occurring on or off the University premises while conducting University business. A report of a conviction must be made within 5 working days after the conviction as required by the Drug-Free Work Act of 1988, and by this policy. Failure to comply with this policy and its notice requirement may jeopardize continued research funding to the University and will be considered grounds for dismissal.

**C. Procedures**

1. **Employees**

   This part of the procedure establishes the University’s responsibility and position toward all employees in the maintenance of this policy:

   The Office of Human Resource Management will be responsible for advising all new employees during their orientation of the University policy concerning the maintenance of a drug-free work environment. This will apply to students employed by the University through regular employment or through the Student Aide College Work-Study Program. Periodically, the Office will reaffirm the University’s commitment through special mailings or notices in University campus publications.

   The Office of Human Resource Management, in cooperation with University Health Service and the Office of Sponsored Research, will maintain technical compliance with the Act by establishing procedures and programs which will include, but are not limited to:

   a. Establishment of a drug-free awareness program for employees to inform them about:

      (1) The dangers of drug and alcohol abuse in the workplace.

      (2) The employer’s policy of maintaining a drug-free workplace.

      (3) Any available drug and alcohol counseling, rehabilitation and employee assistance programs.

      (4) The penalties that may be imposed upon employees for drug and alcohol abuse.

   b. Ascertaining that all grant recipients and/or employees working under a grant receive a copy of the University’s statement concerning drug and alcohol abuse.

   Sergeant Cortazzo with fellow DU employees Ed Bayer & Ed Slonchka while attending a Mission Trip at the Crow and Cheyenne Reservations in Montana.
c. Notify each employee of a grant that, as a condition of employment on such grant or contract, the employee will (a) abide by the terms of the statement and (b) notify the University of any criminal drug or alcohol statute violation occurring in the workplace no later than five days after such conviction.

d. Take appropriate personnel action up to and including termination, against employees who inform the University of a conviction or require such employees to satisfactorily participate in a drug or alcohol abuse assistance or rehabilitation program.

e. Develop other appropriate measures as necessary from time to time to ensure compliance with the Act or similar additional legislation or regulations pertaining to a working environment free of drugs and alcohol abuse.

The University, in its benefits planning and development, will endeavor to provide enhanced benefit provisions to accommodate the drug counseling, rehabilitation and assistance portions of this policy, thereby assuring greater voluntary participation in these areas by reducing the financial burden on employees.

2. STUDENTS

This part of the procedure establishes the University’s responsibility and position toward all students in the maintenance of this policy: The Division of Student Life, in conjunction with University Health Service, will be responsible for advising all students of policies concerning the “Drug-Free Schools and Communities Act Amendments of 1989,” and more specifically will distribute the following:

a. Standards of conduct that clearly prohibit, at a minimum, the unlawful possession, use, or distribution of drugs and alcohol by students.

b. A description of the applicable legal sanctions under local, state and federal law for unlawful possession, use, or distribution of illicit drugs and alcohol.

c. A description of the health risks associated with the use of illicit drugs and the abuse of alcohol.

d. A description of any drug and alcohol counseling, treatment or rehabilitation programs that are available to students.

e. A statement that Duquesne will impose sanctions on students (consistent with local, state and federal law) and a description of these sanctions, up to and including expulsion.

Each employee and student is ultimately responsible for the maintenance of a drug and alcohol free working and learning environment through voluntary adherence to this policy.

Questions concerning the interpretation or implementation of this policy should be directed to the appropriate Divisional Vice President or the Director of Human Resource Management.

**TITLE IX OFFICE - Sexual Violence and Relationship Violence**

Sexual violence and relationship violence are nationwide problems facing all of society, occasionally including the students, faculty, and staff members of our university community. At Duquesne, we take this issue very seriously; we seek its primary prevention, and when such incidents still happen to occur, we respond as a caring community to assist the victim. Members of our community have access to various avenues of seeking initial assistance, primarily through the Title IX Office, Office of Student Conduct, or the Duquesne University Department of Public Safety. If you are a victim, please reach out to these services so that we may help you.

**THE TITLE IX COORDINATOR FOR DUQUESNE UNIVERSITY IS:**

Students and Employees

Duquesne University has developed a primary prevention program aimed specifically at new students and new employees, to address the issues of drug and alcohol abuse, and sexual assault, relationship violence, stalking and bystander intervention. New students are encouraged to participate in online training of the policies, programs, services and sanctions related to sexual assault, relationship violence and stalking. All newly hired employees must participate in a similar program on these topics during their “New Hire Orientation Program” offered by the Human Resource Department.

THE OFFICE OF FRESHMAN DEVELOPMENT AND DISABILITY SERVICES PROVIDES THE FOLLOWING LIVE PROGRAM:

- Calibrating Your Moral Compass
  This program is presented to all new incoming students during Freshman Orientation. It is a primary prevention program which covers the topics of sexual assault, relationship violence, dating relationships, the inappropriate use of drugs and alcohol, and good decision making.

Sexual Violence and Relationship Violence Policy

The Mission Statement of Duquesne University emphasizes a profound concern for moral and spiritual values. This concern is underscored in the TAP #31 University Policy on Sexual Misconduct and Gender Discrimination which serves to protect the right of each member of the University community from sexual violence and relationship violence. Sexual violence and relationship violence are violations of the Student Code (students) and The Administrative Policies (Faculty and Staff). All students are responsible for their own actions and are expected to maintain high standards of moral and ethical behavior as well as to comply with local, state and federal laws. Sexual Violence and Relationship Violence are a violation of the Student Code.

This book provides information and resources to help clarify and address the issues of sexual violence and relationship violence. This policy, which complies with the Higher Education Reauthorization Amendment Act and the Violence Against Women Act, ensures consistent procedures and provides coordination of University and community resources for victims of sexual violence or relationship violence. The intention of the University is to increase awareness and prevention of sexual violence and relationship violence, and to provide assistance for survivors and their families. The Department of Public Safety will provide written information to victims of their rights as crime victims, and of resources available to assist them. These rights and services are available to the Duquesne Community whether the offense occurred on- or off-campus.

If the victim of sexual or relationship violence elects to pursue criminal or disciplinary action, the investigation (and disciplinary procedure) shall be conducted in a manner to protect the confidentiality of personally identifying information as defined by the VAWA of 1994 Section 40002(a).

The Administrative Policies

TAP NO. 31: SEXUAL MISCONDUCT AND GENDER DISCRIMINATION

Scope

This Policy applies to faculty, students, and staff; all individuals doing business with or providing services to the University; and all other persons that participate in the University’s educational programs and activities, including third-party visitors on campus. This Policy applies regardless of whether the Complainant and the Respondent are members of the same sex, and it applies regardless of national origin, immigration status, or citizenship status.

Purpose

To establish the University’s policy prohibiting sex and/or gender-based discrimination; to provide guidance on the University’s response to reported violations of this Policy; and to notify Complainants and Respondents of their rights and responsibilities when a violation is reported.

1. POLICY STATEMENT

It is the Policy of Duquesne University to provide an educational, employment, and business environment free of all forms of sex and/or gender-based discrimination, as further defined in this Policy and as otherwise prohibited by state and federal law. This Policy responds to the specific requirements of federal and state law, including Title IX of the Education Amendments Act of 1972 (“Title IX”), and the Violence Against Women Reauthorization Act (VAWA). Conduct prohibited by this Policy may also violate other applicable federal and state laws.

TAP 31 has three appendices. Appendix A provides resources for individuals who have experienced sexual assault. Appendix B sets forth the University’s Resolution Process for addressing all reported violations of TAP 31. Appendix C provides guidance on what a Complainant and/or a Respondent can expect during the University’s Resolution Process.

Lee Robbins, Title IX Coordinator
II. JURISDICTION

The University has jurisdiction over Title IX-related complaints regarding conduct that occurs on campus, during an official University program or activity (regardless of location), or off campus when the conduct creates a hostile environment on campus. The University’s jurisdiction does not reach a Respondent who is not a member of the University community, but in such instances, the University will assist a Complainant with locating resources, including his or her local Police Department, or reporting to other University Title IX Coordinators as applicable.

III. TRAINING

Periodic training is mandatory for all University employees related to issues covered under this Policy.

All University employees are required to complete Title IX training within their first thirty (30) days of employment.

The Title IX Coordinator and Deputy Title IX Coordinators will receive regular training regarding Title IX, VAWA, and this Policy.

All Hearing and Appeal Panel members receive training prior to serving on a Panel and that training is refreshed on an annual basis.

IV. STANDARD OF PROOF

A finding with respect to a Respondent’s responsibility for committing a violation of this Policy is made using a preponderance of the evidence standard. This means that a Hearing Panel will make a determination whether it is more likely than not that the Respondent is responsible for committing a violation.

V. DEFINITIONS

As used in this Policy and the accompanying appendices, the word “Complainant” refers to an individual who is affected by an alleged violation of this Policy, the word “Respondent” refers to an individual who allegedly violated this Policy, and the word “Reporter” refers to an individual who makes a report that this Policy has been violated. A Reporter is sometimes the same person as the Complainant. A “witness” is anyone with first-hand knowledge of the alleged violation of TAP 31.

VI. CONDUCT PROHIBITED BY THIS POLICY

a. Sexual Harassment - Sexual harassment is unwelcome conduct of a sexual nature, including unwelcome sexual advances, requests for sexual favors, and other verbal, nonverbal, graphic, or physical conduct of a sexual nature, when:

1. Submission to or rejection of such conduct is made either explicitly or implicitly a condition of an individual’s employment or academic standing, or is used as the basis for employment decisions or for academic evaluation, grades, or advancement. This quid pro quo sexual harassment can occur whether a person resists and suffers the threatened harm, or whether the person submits and avoids the threatened harm.

2. Such conduct creates a hostile environment that interferes with an individual’s employment, education, or access to University programs, activities, and opportunities. A hostile environment can be created by conduct that is severe, persistent, or pervasive, or by a single severe episode. The more severe the conduct, the less need there is to show a repetitive series of incidents to prove a hostile environment.

b. Gender-Based Harassment - Gender-based harassment is behavior consisting of physical or verbal conduct based on gender, sexual orientation, gender-stereotyping, perceived gender, and/or gender identity, but not involving conduct of a sexual nature, when such conduct is sufficiently severe or pervasive such that it substantially interferes with an individual’s employment, education, or ability to participate in or benefit from University programs, activities, or opportunities and would detrimentally affect a reasonable person under the same circumstances. Gender-based harassment may include, but is not limited to, verbal or physical attacks, graphic or written statements, threats, or slurs. Alleged gender-based harassment may also violate TAP 30.

c. Sexual Misconduct - Sexual misconduct is a broad term encompassing any unwelcome behavior of a sexual nature that is committed without consent, or by force, intimidation, coercion, or manipulation. Sexual misconduct can be committed by strangers, acquaintances, and family members, as well as casual and long-term dating partners.

d. Sexual Assault - Sexual assault is actual or attempted sexual contact or behavior that occurs without the Complainant’s consent and/or by force. Some forms of sexual assault include: rape; forcing a Complainant to perform sexual acts; penetration that is unconsented to; and/or unwanted touching or fondling.
e. Sexual Exploitation - Sexual exploitation involves taking non-consensual sexual advantage of another person. Examples may include, but are not limited to: electronically recording, photographing, or transmitting intimate or sexual utterances, sounds, or images without the knowledge and consent of all parties involved; voyeurism; and/or distributing intimate sexual information about another person without that person’s consent.

f. Stalking - Stalking is a course of conduct directed at a specific person that would cause a reasonable person to fear for his/her safety or the safety of others, or to suffer substantial emotional distress. Stalking may include repeatedly following, harassing, threatening, or intimidating another by telephone, mail, electronic communication, social media, or any other action, device or method.

g. Dating Violence - Dating violence is violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim. The existence of such a relationship will be based on the Complainant/Reporter’s statements and with consideration of the length and type of relationship and the frequency of interaction between the persons involved in the relationship. Dating violence includes but is not limited to sexual or physical abuse or the threat of such abuse. Dating violence can also include emotional, verbal, and economic abuse, and can exist without the presence of physical abuse.

h Domestic Violence - Domestic violence is a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone.

i. Retaliation - Retaliation means any adverse action or threat taken or made against an individual for making a report alleging a violation of this Policy or participating in any investigation or proceeding related to this policy. No individual who complains of or reports an alleged violation of this Policy or who participates in the investigation or resolution of such a complaint shall be subject to retaliation as a result of such activity or participation.

VII. PROHIBITION OF ROMANTIC RELATIONSHIPS IN CERTAIN SITUATIONS
Because of the potential for sexual harassment in certain situations, the University prohibits romantic and/or sexual relationships in the following situations:

a. No faculty member may engage in a romantic and/or sexual relationship or in romantic and/or sexual conduct with any student currently enrolled at Duquesne University.

b. No athletic department employee may engage in a romantic and/or sexual relationship or in romantic and/or sexual conduct with a student athlete.

c. No campus police officer or security officer may engage in a romantic and/or sexual relationship or in romantic and/or sexual conduct with any student currently enrolled at Duquesne University.

d. No Residence Life staff member may engage in a romantic and/or sexual relationship or in romantic and/or sexual conduct with any employee in the supervisor’s department or division.

All universities hold a special relationship with their students. At Duquesne our actions are guided by our identity and mission as a Catholic university. Therefore, we expect all employees to exercise good judgment and to demonstrate appropriate professional behavior when interacting with students.

VIII. CONSENT
a. What is consent: A party must actively and positively agree to sexual contact for the sexual contact to be considered consensual. Both parties must receive verbal agreement and positive cooperation. For additional information, please see duq.edu/titleix.

IX. RESOURCES FOR REPORTING

e. **Responsible Employees** - At Duquesne, all employees are Responsible Employees, except for those who are deemed “Confidential Resources” in this Policy.

A Responsible Employee is not a Confidential Resource. A Responsible Employee with knowledge of an alleged or actual violation of this Policy must report it to the Title IX Coordinator, and must report all relevant details about the alleged or actual violation of this Policy, including the name of the Complainant, the name of the Respondent (if known), other individuals involved, and relevant facts including the date, time, and location.

X. REMEDIAL AND/OR PROTECTIVE MEASURES

The University offers a wide range of resources for students and employees, whether as Complainants or Respondents, to provide support and guidance throughout the initiation, investigation, and resolution of a report of conduct that is prohibited by this Policy. Further, the University will offer reasonable and appropriate measures to protect a Complainant and facilitate the Complainant’s continued access to University employment and/or educational programs and activities. These measures may be remedial or protective, as follows:

a. **Remedial measures**: measures designed to maintain a Complainant’s continued access to educational programs or activities. Remedial measures may be temporary or permanent, and are available regardless of whether a Complainant decides to file a charge with the University, make a report to law enforcement agencies, or participate in the TAP 31 Resolution Process. Examples may include:

1. Extensions of deadlines and other academic supports,
2. Change in the Complainant’s work schedule or job assignment,
3. Change in the Complainant’s campus housing, and/or
4. Escort and other safety planning steps.

Examples may include:

1. Change in the Respondent’s class schedule,
2. Change in the Respondent’s work schedule or job assignment,
3. Change in the Respondent’s campus housing,

5. Prohibition from participating in student activities or representing the University in any capacity,
6. Imposition of a no-contact directive between the Respondent and Complainant, and/or

7. Interim suspension.

The Title IX Coordinator has the discretion to impose and/or modify any remedial and/or protective measure based on all available information, and is available to meet with a Complainant or Respondent to address any concerns about the provision of remedial and/or protective measures.

XI. SANCTIONS

a. How Sanctions are Determined: When a Respondent has been found responsible for violating TAP 31, appropriate sanctions may be assigned which are adequate to protect the safety of the campus community and reflective of the seriousness of the sexual misconduct, sexual violence, and the other prohibitions contained within this Policy. Previous conduct violations by a Respondent may be considered when assigning sanctions.

b. Potential Sanctions against Students: Students are subject to the non-exhaustive list of disciplinary sanctions in the Code of Student Rights, Responsibilities, and Conduct for violations of the Code. These may include one or more of the following measures: written reprimand, loss of privileges, disciplinary probation, educational research/projects, restitution, fines, intervention, no contact orders, fees, suspension, and/or expulsion. As set forth in the Code of Student Rights, Responsibilities, and Conduct, the University reserves the right to impose other sanctions in response to the specific circumstances of a violation of this Policy.

c. Potential Sanctions against Employees: Disciplinary sanctions for employee violations of this Policy may range from a disciplinary warning to termination from the University. Disciplinary sanctions may include one or more of the following measures: termination from the University, unpaid suspension, change in working facility, mandated enrollment in an Employee Assistance Program, written reprimand in personnel file, and/or withholding of salary increase. The University reserves the right to impose other sanctions in addition to those listed above in response to the specific circumstances of a violation of this Policy.

XII. AMNESTY FOR STUDENT DRUG OR ALCOHOL VIOLATIONS

Duquesne considers the reporting of alleged violations of sexual misconduct to be of great importance to our campus community. To encourage reporting, students reporting alleged violations of TAP 31 may be granted immunity from student conduct charges for possession or consumption of alcohol or drugs. For the full Amnesty Policy, see the Student Handbook.

XIII. RELATIONSHIP WITH STUDENT HANDBOOK

In the event a student’s conduct violates this Policy and other policies contained in the Code of Student Rights, Responsibilities and Conduct, a student may be subject to concurrent processing of both violations.

TAP 31 APPENDIX A

IF YOU OR A FRIEND HAVE EXPERIENCED SEXUAL ASSAULT:

• First, ensure your safety. Call Public Safety at 412.396.2677. If a threat to the campus community is imminent, a timely warning will be issued.

• Second, you are encouraged to seek medical care for your physical and mental health and wellbeing, and to preserve physical evidence. UPMC Mercy’s Emergency Room number is 412.232.8222. Public Safety can transport you to and from the hospital. Hospital personnel will collect evidence. It is important to preserve physical evidence in the event you might wish to file criminal charges later. Prior to going to the hospital, try not to shower, bathe, brush your teeth, smoke, or wash your clothes. These activities might destroy evidence. If you change clothes prior to going to the hospital, you should take your clothes with you in a paper bag to preserve evidence – plastic bags destroy evidence. It is also important to know that hospitals are required to report any injuries which are the result of a crime. However, going to the hospital for medical care, even though evidence is collected and the hospital has a reporting requirement, does not require you to file criminal charges.

• Third, know your resources. There are many resources on and off campus that can help you. Campus resources include:
  – University Counseling Services, 412.396.6204 (after 4:30 PM call 412.396.2677);
  – The on-call Residence Life staff member, 412.396.5888;
  – Health Service, 412-396-1650;
  – Spiritan Campus Ministry, 412.396.6020; and
  – The Department of Public Safety, 412.396.2677. Off-campus resources include:
    • Pittsburgh Action Against Rape (PAAR), 1-866-END-RAPE;
    • The Center for Victims of Violence and Crime (CVVC), 24 hour helpline: 1-866-644-2882; and
    • Mercy Hospital, 412.232.8222; and
    • Emergency Services, 911.

• Fourth, you are encouraged to report incidents of sexual assault to the University’s Title IX Coordinator, a Deputy Title IX Coordinator, or any Responsible Employee or Confidential Resource so that the University can address the situation and provide you with resources and follow-up care.
APPENDIX B
TAP 31 RESOLUTION PROCESS

I. General Principles

a. Administration: The TAP 31 Resolution Process is administered by the University’s Title IX Coordinator and the University’s Deputy Title IX Coordinators. It is an accompanying Appendix to TAP 31, the terms of which are incorporated herein by reference. In the event of a discrepancy between Appendix B and TAP 31, TAP 31 controls.

b. Application: Duquesne University is obligated to respond promptly, thoroughly and equitably when it learns of any reported violation of TAP 31. All alleged violations of TAP 31 are subject to the Resolution Process set forth in this Appendix.

c. Timing: The TAP 31 Resolution Process will be completed in a reasonably prompt manner, which generally results in completion within a sixty (60) calendar day timeframe. However, the University will not compromise a thorough and fair process to meet the sixty (60) calendar day completion goal. The timeline and time frames contained herein may be extended, if necessary, by the Title IX Coordinator, in consultation with appropriate University administrators and with notice to the Parties.

d. Deadline for Reporting: There is no deadline by which a report of an alleged TAP 31 violation must be made. However, Complainants and Reporters are encouraged to report soon after the alleged violation to maximize the University’s ability to investigate and respond.

e. Support Person: The Complainant and Respondent (each a “party,” and collectively, the “parties”) may be accompanied by one Support Person throughout the TAP 31 Resolution Process. This Support Person may be an individual of the party’s choosing. Upon request, the Title IX Coordinator will connect a party with a member of the University community who can act as a Support Person. The Support Person shall not perform any function other than advising the party, and may not speak for, or on behalf of, the party. Additionally, delays in the Resolution Process will not normally be allowed due to a Support Person’s scheduling conflicts.

f. Pending Criminal Investigation: Some reported violations of TAP 31 may also constitute criminal conduct. In such instances, the Complainant is also encouraged to file a report with the appropriate law enforcement authorities and, if requested, the University will assist the Complainant in doing so. The pendency of a criminal investigation, however, does not relieve the University of its obligation to respond to alleged violations of TAP 31. Therefore, to the extent doing so does not interfere with any criminal

g. Recordings: Hearings will be recorded and recordings will be maintained by the Title IX Office in accordance with the University’s records retention policy. Recordings are the property of the University. No party or participant may make any recordings of any meetings, interviews, and/or hearings, other than the Title IX Coordinator for the purposes of recording the hearing.

h. Official Method of Communication: Under the TAP 31 Resolution Process, a party or participant’s University email account is the official method of communication. Parties and participants are required to periodically check their account for time critical notices or administrative notices requiring a timely response. Notice will be considered received one day following the date the notice is posted to an email account. Failure to check a University email account does not excuse or exempt a party or participant from any actions required by the University. Failure to check email is not an excuse to miss a deadline that is established under the TAP 31 Resolution Process. Party and participant communication regarding the TAP 31 Resolution Process should be generated from their Duquesne University personal email account.

i. University Holidays and Closures: Days where the University is closed for breaks and/or Holidays do not count as business or calendar days for the purposes of the timeframes contained in this Policy.

II. THE TAP 31 RESOLUTION PROCESS

a. Generally, the Resolution Process is as follows:

1. The Resolution Process begins when the Title IX Coordinator or one of the Deputy Title IX Coordinators receives a report from a Complainant and/or a Responsible Employee or a Reporter alleging that a Respondent has engaged in activity/activities prohibited by TAP 31. If the report comes from a Responsible Employee or Reporter, the Title IX Coordinator will request to meet with the Complainant. The Title IX Coordinator/Deputy Title IX Coordinator will ask if the Complainant wants to file a charge alleging that the Respondent engaged in activity/activities prohibited by TAP 31.

   If the Complainant does not want to file a charge alleging the Respondent engaged in activity/activities prohibited by TAP 31, the Title IX Coordinator has an obligation to determine whether the University must bring a charge against the Respondent for alleged violation(s) of TAP 31 in order to provide a safe and nondiscriminatory environment for all members of the University community, including the Complainant. Factors the Title IX Coordinator will consider include, but are not limited to: whether there have been other reports about the Respondent, whether the Respondent allegedly threatened additional/further sexual assault or the sexual assault of others, and whether the alleged violation was committed with a weapon. However, even if the Title IX Coordinator decides to pursue a charge against the Respondent, the Complainant is not obligated to participate
in the Resolution Process. Further, even if a Complainant does file a charge, he or she may withdraw it at any time during the Resolution Process.

2. When a charge is filed, the Respondent is notified. Notice to the Respondent will include sufficient information to allow the Respondent an opportunity to respond to the alleged violation. It will also include information on the Resolution Process. If the Respondent accepts responsibility at this stage, the Title IX Coordinator will assign sanctions. The Complainant will be notified in writing that the Respondent accepted responsibility, and will be notified of sanctions which directly relate to the Complainant. If the Respondent accepts responsibility at this stage, there is no appeal option.

3. If the Respondent does not accept responsibility, the Title IX Coordinator and Deputy Title IX Coordinator(s) will gather facts about the alleged violation(s). They will request to meet with the Respondent and any witnesses discovered during the fact gathering or suggested by the parties, and may request to meet again with the Complainant. They may request multiple meetings with the parties and/or any witnesses.

A Deputy Title IX Coordinator will typically be present with the Title IX Coordinator at all meetings. The Title IX Coordinator and/or the Deputy Title IX Coordinator will take meeting notes, and will request copies of relevant material from the Complainant, Respondent, and any witnesses, including, but not limited to, texts, phone call logs, taxi/Uber/Lyft receipts, and social media posts.

4. Once the fact gathering stage has been completed, in approximately thirty (30) calendar days, the Complainant and the Respondent will be so notified and a hearing will be scheduled.

5. All of the following applies to hearings:

- The Complainant and the Respondent will be given written notice of the hearing date; information about scheduling a time to review the hearing file (which includes interview notes, a summary of the allegations and remedy requested, the relevant policy/rules/provisions, a timeline of events, a witness list, and a document list); the timeline for submitting new and/or rebuttal evidence; the timeline for notifying the Title IX Coordinator of who the party will be bringing as a witness; and the timeline for notifying the Title IX Coordinator of who the party intends to bring as a Support Person to the hearing. Timelines in this letter are final and not flexible. Failure of a party to submit material by the time submitted in the letter shall not be considered a material procedural error on the part of the University in the event of an appeal.

- Each party must also identify the Support Person he or she intends to bring to the hearing no later than three (3) business days before a hearing.

- The Complainant and the Respondent may schedule a time to review the hearing file at any time between notice of the hearing and five (5) business days before the hearing date.

- After a review of the file, both parties will be given one (1) opportunity to submit new or rebuttal evidence no later than three (3) business days before the hearing.

- New evidence is evidence that was not available at the time the hearing letter was sent, could not have been available based on reasonable and diligent inquiry, and is relevant to the matter.

- Rebuttal evidence is evidence presented to contradict other evidence in the hearing file, and which could not have been reasonably anticipated by a party to be relevant information at the time of the fact gathering.

- Decisions with respect to whether to admit new/rebuttal evidence after the parties have reviewed the hearing file will be made by the Title IX Coordinator.

- If new and/or rebuttal evidence is admitted, the other party will be notified and given the opportunity to review it before the hearing. This opportunity is intended to be permitted in rare instances to allow for the inclusion of information that was not available during the fact gathering or that could not have been reasonably anticipated to be relevant to rebut an issue that came to light upon a party’s review of the hearing file.

No new and/or rebuttal evidence will be accepted at the hearing.

- If there is no new or rebuttal evidence, the hearing will proceed on the hearing file, the witnesses identified by the parties, and the availability of testimony of fact witnesses interviewed by the Title IX Coordinator during the fact gathering process. If new or rebuttal evidence is accepted, it will be added to the hearing file.
• The Hearing Panel will consist of three regularly trained faculty and/or staff members. One member will be the Hearing Panel Chair, who is responsible for the administration of the hearing. The Panel members will receive the hearing file at least two (2) business days before the hearing.

• The Title IX Coordinator and the University’s Counsel will be present at the hearings. A party may recommend questions to the Hearing Panel for the other party or witnesses by submitting questions on notecards provided to the University Counsel, who will submit all appropriate questions to the Hearing Panel. The Hearing Panel may ask some, none, or all of the questions in their sole discretion.

• A party may elect not to be in the same room as the other party during a hearing. If a party elects not to be in the same room as the other party, the Title IX Coordinator will arrange for that party’s participation electronically via GoToMeeting or similar software. If a party chooses to participate electronically, the software will enable that party to hear all statements made during the hearing, enable that party to see the Hearing Panel, and enable the Hearing Panel to see that party. If a party chooses to participate electronically, he or she must advise the Title IX Coordinator no later than five (5) business days before a hearing.

• The Hearing Panel will make a finding with respect to the Respondent’s responsibility using a preponderance of the evidence standard as further explained in section IV of TAP 31.

• Sanctions may be assigned to the Respondent in accordance with section XI of TAP 31.

6. The Hearing Panel may take up to five (5) business days after the hearing to review the documentation, hearing transcript, and hearing notes before making a finding with respect to responsibility and sanctions, if appropriate. The Complainant and Respondent will be notified in writing of the Hearing Panel’s findings and sanctions, if any, within three (3) business days after the Hearing Panel makes the finding. The Complainant will be notified of the sanctions, if any, which directly relate to the Complainant.

III. APPEALS

a. Appeal Timing: Either party may appeal a Hearing Panel’s decision within five (5) business days of receipt of the Hearing Panel’s findings. Once the appeal deadline has passed without an appeal made by either party, the Hearing Panel’s finding and sanctions are final.

b. Appeal Grounds: A party may appeal on the following limited grounds: substantial procedural error that materially affected the outcome, and/or material, new evidence not reasonably available at the time of the hearing. Dissatisfaction with the hearing outcome is not grounds for an appeal.

c. Appeal Process: Appeals are heard by an Appeal Panel consisting of three (3) trained faculty and/or staff members who did not participate in the original hearing. The Appeal Panel’s responsibility is limited to determining if there was substantial procedural error that materially affected the outcome and/or whether the new evidence not reasonably available at the time of the underlying hearing is material and reasonably likely to change the outcome of the underlying hearing. If either or both are found by the Appeal Panel, the appeal will be granted. If the appeal is denied, the matter will be closed.

If the appeal is granted:

1. Due to a substantial procedural error, the matter will be heard by a new Hearing Panel within ten (10) business days. The Appeal Panel will provide directions for the Title IX Coordinator on how to mitigate the procedural errors before the new hearing. The new Hearing Panel will oversee a de novo hearing. A de novo hearing means a new hearing will occur as if the underlying hearing never occurred. Decisions with respect to responsibility and sanctions will be made as if the underlying hearing and appeal never occurred. The new Hearing Panel will be provided with the underlying hearing file, as well as any additional information which corrects procedural errors. All parties and witnesses who attended the underlying hearing shall be present at the new, de novo hearing. The new Hearing Panel has five (5) business days after the de novo hearing to make a finding with respect to responsibility and sanctions, if appropriate. The Complainant and Respondent will be notified in writing of the new Hearing Panel’s findings and sanctions, if any, within three (3) business days after the Hearing Panel makes the finding. The new Hearing Panel’s finding will be final and not subject to further appeal.

2. Due to the discovery of new evidence not reasonably available at the time of the initial hearing, the matter will be returned to the same Hearing Panel which originally heard the matter for reconsideration in light of the new evidence within ten (10) business days. The Appeal Panel will give the original Hearing Panel instructions regarding the nature
and extent of its reconsideration, including whether the parties and/or any witnesses should be invited to be re-interviewed by the original Hearing Panel. The original Hearing Panel has five (5) business days after hearing the matter for reconsideration before upholding and/or making a new finding with respect to responsibility and sanctions. The Complainant and Respondent will be notified in writing of the Hearing Panel’s findings within three (3) business days. The finding of the Hearing Panel in this second hearing will be final and not subject to further appeal.

IV. EXCEPTIONS

a. Vice President of Student Life Review: In the event a student Respondent is sanctioned with suspension or expulsion, the student Respondent may petition the Vice President of Student Life for a review of the matter. Petitions for review must be made within two (2) business days of a final finding and sanctioning letter. The Vice President for Student Life’s decision on the matter will be final.

b. Provost Review: Where a faculty member is a Respondent, the Hearing Panel’s findings and assigned sanctions shall constitute a recommendation for the Provost. The Provost shall issue a finding and assign sanctions based on the recommendations of the Hearing Panel. These findings and sanctions may be appealed to the Faculty Grievance Committee in accordance with the process set forth in the Faculty Handbook.

c. Volunteers and Visitors: In certain circumstances where the individual who allegedly violated this Policy is not a student, faculty, or staff, but is participating in the University’s educational programs and activities in another capacity, such as a volunteer or visiting student, the Title IX Coordinator may, in his or her discretion, resolve violations informally/outside of the scope of the TAP 31 Resolution Process.

The Annual Security Report, and the crime statistics included therein, are compiled by the Department of Public Safety. Crime statistics are obtained from criminal incidents reported to the Department of Public Safety and those designated as Campus Security Authorities to whom incidents may be reported. Statistics are also received from the City of Pittsburgh Police Department for inclusion in the Clery Act Reporting Form. (Note that there are different mandates under the Clery Act and the Uniform Crime Reporting Act for the classification and statistical counting of crimes, which may result in differences in the way statistics are counted in the following charts.) The Annual Security and Fire Safety Report containing the crime/fire statistics and policies is posted on the Duquesne University website and printed copies are available at the Department of Public Safety. Each year an email notification is sent to all enrolled students, faculty and staff which provide the exact website link to access the Annual Security and Fire Safety Report, which contains the crime/fire statistics for the previous three years. A post card advising of this website link is also mailed via either intra-campus mail or the US Postal Service to the entire campus community.

*The Crime Rate is based on incidents reported per 100,000 FTE’s. The statistics were derived using guidelines and rate formula mandated by Pennsylvania Act 1988-73, the College and University Security Act.*
Annual Fire Safety Report
Duquesne University is committed to fire safety and assigns this responsibility to the personnel of the Environmental Health and Safety Office. As a result of the dedication of these professionals, Duquesne University was named to the Princeton Review’s Fire Safety Honor Roll for 2016. From a review of 1,178 colleges and universities, only 23 have received this accolade. The Higher Education Opportunity Act became law in August 2008 and requires all United States academic institutions to produce an annual fire safety report outlining fire safety practices, standards and all fire related on-campus statistics. The following public disclosure report details all information required by this law as it relates to Duquesne University for the year 2017.

General Statement of Duquesne University Living Learning Centers
The Living Learning Centers at Duquesne University (Assumption Hall, St. Ann Hall, St. Martin Hall, Duquesne Towers, Vickroy Hall, Brottier Hall and Des Places) are covered with integrated fire sprinkler systems and redundant fire alarm monitoring systems which are monitored 24 hours per day, seven days per week by the Duquesne University Department of Public Safety.

Fire Safety Improvements and Upgrades
Duquesne University Facilities Management reviews the fire systems in the Living Learning Centers annually and implements upgrades, repairs or revisions whenever issues are identified.

Living Learning Center Fire Drills
Fire drills are held for each center once per Fall and Spring Semester and are mandatory supervised evacuations for fire. The drill is conducted by Environmental Health and Safety in conjunction with Public Safety, Facilities Management and the Office of Residence Life.

Evacuation route maps are posted at strategic locations throughout the centers to identify the closest egress route. Students who fail to leave the center during a fire drill are disciplined in accordance with the policies described in the Residence Life Handbook.

Fire Safety Policies
The Office of Residence Life permits students to use UL approved hot pots, popcorn makers, coffeemakers or microwave ovens. Items not permitted include, but are not limited to, electric frying pans, toasters, toaster ovens, sandwich makers, grills, hot plates, immersion coils or any other non-UL approved appliances.

Smoking is not permitted in any Living Learning Center or within 25 feet of any entrance or air intake. No open flames are permitted, including burning of incense, candles or potpourri.

The fire alarm systems are internally tested on a weekly basis and a complete inspection of the fire alarm system is conducted annually by a professional outside contractor. All fire extinguishers on campus are inspected on a monthly basis.

Reporting a Fire
Students reporting a fire should contact the Department of Public Safety at 412.396.2677 (campus phone x2677). If the fire event is no longer a danger, the Resident Director or the Resident Assistant should be contacted as soon as possible and the fire event reported to the Department of Public Safety.
**Fire Evacuation Procedures**

The policy on building evacuation from Living Learning Centers is located in the Residence Life Handbook and is discussed with students when they move into the center. In the case of fire, students are instructed to sound the nearest fire alarm and then evacuate the building. The evacuation procedures are:

- Remain calm
- Turn off equipment and appliances
- Check if your door is hot or has smoke around it. If so, stay in your room and wait for firefighters to evacuate you
- Close, but do not lock, doors and windows
- Proceed to the nearest exit. Use the stairs only, DO NOT use the elevators
- EXIT THE BUILDING QUICKLY AND IN AN ORDERLY FASHION
- Report to your gathering point and check in with your Floor Marshal/Supervisor
- DO NOT REENTER the building until after Public Safety officers have authorized reentry

**Fire Safety Education and Training**

Residence Life staff and floor marshals are trained on fire safety by Residence Life Management under the supervision of Environmental Health and Safety and Public Safety at the beginning of the Fall semester and as required in the Spring and Summer semesters. Environmental Health and Safety sponsors a campaign every September, “Fire Safety Week” offering fire safety education and hands-on fire extinguisher training with a live fire; this campaign is offered to every member of the campus community; online fire safety training is also available upon request.

**Fire Fighting Services**

The City of Pittsburgh Bureau of Fire provides professional firefighting service to Duquesne University. We are fortunate to have District Fire Station #4 immediately adjacent to our campus, located at Forbes Avenue and Stevenson Street. This fire station provides coverage 24 hours a day, seven days a week, and is equipped with Engine #4 and Ladder Truck #4, under the direction of a Battalion Chief.

**Fire Log**

The Duquesne University Department of Public Safety maintains a fire log that records any fire that occurred in an on-campus student housing facility and includes information such as the nature, date, time and general location of each fire. Any entry to the log is required to be made within two business days of the receipt of the information. The fire log for the most recent 60 day period remains open for public inspection during normal business hours. Any portion of the log older than 60 days will be available within two business days after receipt of a request for public inspection.

**Emergency Phone Numbers**

**Duquesne University Department of Public Safety**

**Pittsburgh Bureau of Police and Fire Emergency**

**Fire Statistics**

Duquesne University Department of Public Safety collects fire statistics of any fire that occurred in an on-campus Living Learning Center. The statistics are also published in the Annual Security and Fire Safety Report.

Emergency Response and Evacuation Procedures

UNIVERSITY STATEMENT:
In the event of an emergency, Duquesne University will, without delay, and taking into account the safety of the community, determine the content of the notification and initiate the notification system, unless the notification will, in the professional judgment of the responsible authorities, compromise efforts to assist victims or to contain, respond to, or otherwise mitigate the emergency.

EMERGENCY COMMUNICATION METHODS:
Duquesne University has multiple ways of communicating the existence of an emergency to the Duquesne community. The methods described below may be used independently or collectively depending on the nature of the emergency event. Office of Marketing and Communications and/or Public Safety have responsibility for implementation of the emergency communication methods outlined below.

- **DU Alert** is the University’s mass notification system. It allows University officials to deliver messages to Duquesne faculty, staff and students in the event of a serious or life threatening situation on campus. When activated, those who voluntarily registered for the DU Alert service will receive a message to each of three designated devices they have identified. These contacts can be text or voice messages to cell phones or voice messages to home phones. Note that all messages will not arrive at the same time. Text messages are predicted to be the fastest and most efficient method as they may still function in an emergency when landlines and cell phones do not. [Please enroll for DU Alert at duq.edu/multipass](http://duq.edu/multipass).

- Duquesne also maintains an Outside Warning System, which is a public address system consisting of speakers strategically mounted on university buildings.

In addition to DU Alert and the Outside Warning System, Duquesne has the ability to deliver emergency messages using one or more of the following methods:

1. Mass e-mail, Blackboard, DU Daily
2. Local/Regional radio, television
3. Public Address System built into siren control of each police vehicle
4. “Bullhorn”: handheld Public Address devices carried in police vehicles
5. Ability to send broadcast voicemail over DUQ landlines
6. Ability to issue emergency message on Duquesne’s 412.396.1700 call-in phone line
7. Ability to divert calls from main phone lines to a dedicated emergency line
8. 10 line phone banks located in the Public Safety conference room and Administration Building, 4th floor conference room, which in an emergency, would be operated by Public Safety and Office of Marketing and Communications personnel.

PROCEDURES FOR DISSEMINATING EMERGENCY INFORMATION TO THE LARGER COMMUNITY:
The Office of Marketing and Communications bears primary responsibility for maintaining and safeguarding the University’s public image by preventing misinformation and the miscommunication of important information. All media inquiries during a crisis shall be directed to the Office of Marketing and Communications to ensure consistency and accuracy in communications. The designee of the President, generally the Assistant Vice President for Office of Marketing and Communications, will serve as spokesperson or designate an appropriate spokesperson and adhere to these policies:

- To be an authoritative, reliable source of accurate information for news agencies and the public
- To issue the University’s first statement/news release as soon as possible after being notified of the emergency and provide periodic updates to news agencies
- To coordinate and manage media briefings and interviews
- To coordinate with relevant departments to distribute all information to students, staff and faculty at the same time it is released to the public
- To coordinate with appropriate external public relations counterparts in other agencies
- To designate and coach additional spokespeople as the situation evolves.

When determined necessary by the Emergency Management Team and/or the University administration, parents or guardians will be contacted by the Division of Student Life staff, in consultation with Office of Marketing and Communications to explain any existing emergency and Duquesne’s response.
DECLARATION OF EMERGENCY:
Only the following University personnel have authority to declare an emergency, determine its level of significance and activate the University Emergency Operations Plan:

- University President or designee in consultation with the
- Director of Public Safety/Chief of Police, the Assistant Chief of Police
  or the Deputy Chief of Police
- Police Captain

Emergencies have various levels of significance and impact, they include, but are not limited to, terrorist attacks, minor or major fire, domestic water contamination, extended power outage, minor or major chemical spill, severe storms, bomb threats, hate crimes, assaults and contagious disease outbreak. Below is the description of procedures the University will use to confirm an emergency and to initiate notification.

1. The Director of Public Safety shall consult with University administration regarding the incident and the possible need for a declaration of a Campus State of Emergency.
2. The Authority to declare the significance and scope of a Campus Emergency rests with the University President or designee.
3. The declaration of an escalated emergency level automatically triggers the implementation of the Emergency Operations Plan. The Department of Public Safety will contact all Emergency Management Team members and inform them that a significant emergency has been declared by the President or designee.
4. The Emergency Operations Center (EOC) will be established as soon as possible.
5. All Emergency Management Team members must report to the identified Emergency Operations Center.
6. If an emergency of significance is declared, it may become necessary to restrict access to specific areas on campus to authorized individuals. Only those authorized individuals who have been assigned emergency response duties will be allowed to enter the area or building affected by the incident.

EMERGENCY MANAGEMENT TEAM:

Duquesne University students have the opportunity to study for one semester in Rome at Duquesne’s Italian Campus Program. An impressive group of largely Rome-based faculty, as well as an occasional visiting professor from the home campus, teach regular Duquesne University courses at the site so students can experience the richness of this environment while making normal progress toward their degree. This program is managed by Duquesne University’s Office of International Programs.

**The Campus Grounds**

The Duquesne campus is housed with the Sisters of the Holy Family of Nazareth on a beautiful and safe property west of downtown Rome and just beyond Vatican City and St. Peter’s.

- The campus is within a secure, walled property enclosing beautiful gardens and walkways. The campus is gated, requiring the use of an issued student access code to gain entry. This same access code is also required to gain entry to the residence hall. The campus also has a limited amount of security cameras.

- Duquesne University leases one multi-story building which contains the residence hall, kitchen and dining facility, classrooms, and business offices. Most classes are held ‘on-site’ throughout the historic, cultural and religious sites of Rome.

- The staff includes a Director and an Assistant Director who are on campus daily, and three Assistant Resident Directors who reside in the residence hall with the students.

**Italian Campus Annual Security Report**

Crimes are reported to the Director of the Italian Campus. Police services are provided by La Questa di Roma “Aurelio” Police Department, Via Aurelia, 660, Rome, Italy.

All policies and procedures (fire safety, student conduct, drug, alcohol, weapons, sexual violence, relationship violence, missing student, etc.) of the Main campus of Duquesne University apply to the Italian campus, and students of both campuses are held to the same high standards of conduct and expectations.
