January 2018

Dear Duquesne Parent:

We hope you are having a wonderful break and are enjoying spending time with your son or daughter. With the start of the Spring Semester upon us, we wanted to take this time to talk about housing opportunities for next academic year.

As a parent of a student who currently resides in one of Duquesne's residence halls, you understand that living on campus adds a unique dimension to your son's or daughter's college experience. Residential living gives a student the chance to live on their own for the first time. It also gives you peace of mind, knowing your child is in a safe and supportive environment.

It is the time of the academic year in which we are beginning the room selection process for the 2018-2019 academic year. Here is some important information for you and your son or daughter about on-campus housing. Detailed instructions will be distributed to all current residents at the beginning of the spring semester.

- Students who will be juniors for the 2018-2019 academic year should note the following item. If you do not select on-campus housing, you will no longer be eligible for the On-Campus Room Award.
- All freshmen and sophomores are required to live on campus in accordance with the Duquesne University Campus Residency Policy. Any current freshman choosing to reside with their parents for the next academic year must complete a Campus Residency Waiver and Notarization form available in the Office of Residence Life located in Assumption Hall. This policy can be found online at http://www.duq.edu/life-at-duquesne/housing/campus-residency.
- Students with an outstanding balance will not be permitted to participate in group housing or select a room or apartment until their balance is paid in full.
- A non-refundable $300.00 deposit is required before a student can participate in any aspect of the room selection process.
- Housing cannot be guaranteed for students that do not participate in the Room Selection Process.

For more information regarding room selection, please visit http://www.duq.edu/life-at-duquesne/residence-life. We appreciate your cooperation in this process and look forward to continuing to work with you for the upcoming academic year.
