SPEND THE MONTH OF MAY STUDYING IN ENGLAND AND FRANCE...

The Duquesne University School of Business Maymester: Europe. Chester England, London, Nancy France and Paris, and plan to see spectacular sights that many only dream of. Stand in awe of The London Eye, Nancy Cathedral and take a selfie with the Eiffel Tower in the background that all your friends will be jealous of. Designed specifically for Business students, this four-week program will guide students as they explore business and history in one of Britain’s most popular places, Chester England.

LOCATION AND PROPERTY

Chester is a walled city in Cheshire, England on the River Dee, close to the border with Wales. While there you will visit and hear lectures from professors from one of the oldest higher education institutions in the country. The University of Chester was founded in 1839 by such pioneers as the great 19th-century prime ministers William Gladstone and the Earl of Derby, and a former Archbishop of Canterbury. It is one of the oldest English higher education establishments of any kind, pre-dating all but Oxford, Cambridge, London and Durham.

London England / Paris France

Enjoy a walking tour of London, with a visit to the Bank of London where you will hear the history of modern banking systems. In Paris enjoy a Seine River Cruise where you will pass under the Orsay Museum, Eiffel Tower and Notre Dame Cathedral.

Nancy France

Since 1905 the ICN has been the "Grande Ecole" business school in the east of France and at the heart of Europe. Its identity and its development are rooted in the links between Management, Technology and Art.
COURSE OFFERINGS:

While abroad, students will be registered for 2 courses and earn 6 credits from the following:

MGMT 262. Global Insights (3 credits). The focus of this course is to help students acquire the cultural intelligence they need to interact effectively in diverse environments and cultures. While business is an increasingly global proposition, cultural differences impact everything from how employees are hired to how they are led to how business strategies are formed. Consequently, this class will examine the international aspects of organizational behavior, human resource management, labor relations, corporate strategy, political risk and ethical issues. *UCOR Theme Area Global Diversity*

IBUS 341. International Business (3 credits). This course is an introductory study of the environment and management of cross-national business activities. Topics include sociocultural, legal and political environment; international monetary and financial systems; international trade; foreign direct and portfolio investments; and the management of international marketing, financial, production and personnel functions.
